Policies and Procedures
I. INTRODUCTION

History of California State University, Fullerton and the Department of Counseling
In 1957, Cal State Fullerton became the 12th State College in California to be authorized by the Legislature. The following year a site was designated in northeast Fullerton and subsequently purchased in 1959. That year Dr. William B. Langsdorf was appointed as founding president and Orange County State College started classes for 452 students in September. In the fall of 1960, the college opened classes on its own campus, where it occupied 12 temporary buildings. The name changed to Orange State College in July 1962, to California State College at Fullerton in July 1964, to California State College, Fullerton in July 1968 and to California State University, Fullerton in June 1972. The first permanent building, the six-story Letters and Science Building (now known as McCarthy Hall), was occupied in 1963.

In May 1971, Dr. L. Donald Shields, who had served as acting president for seven months, was appointed the second president of Cal State Fullerton. Dr. Miles D. McCarthy became acting president in January 1981; Dr. Jewel Plummer Cobb took office as the third president in October 1981; Dr. Milton A. Gordon was appointed the fourth president in August 1990; and in February 2013, Dr. Mildred Garcia became the fifth president of CSUF.

Within the University, the Department of Counseling is located in the College of Health and Human Development (HHD). The mission of the College of Health & Human Development is to provide exemplary education, research, and community outreach related to the health, development, and well-being of all people. Emphasis is placed on both theory and practice, with special attention to the development of critical thinking, leadership, and humanistic skills needed to function in a widely diverse and ever-changing society.

The Counseling Department was begun in the late 1960’s by David Keirsey and Marilyn Bates, both famous for their work with Myers-Briggs Temperament Theory. The program prepared graduates for the Marriage Family & Child Counselor (MFCC) license (now LMFT) and/or the California Pupil & Personnel Services credential (PPS). The PPS credentialing program option was later removed as fewer and fewer jobs were available for graduates. As the marriage and family therapy profession expanded, so did the Counseling program’s length and scope, becoming a full-fledged Department in 1973. Counseling students serve the communities in Southern California in their practicum sites, dedicating many thousands of service learning hours to the well-being and mental health of their clients. Graduates of the Counseling Program serve in community agencies, schools, industry, and in private practice all over the state and beyond, sharing their knowledge of communication skills and personal growth honed during their training.
The Counseling Department became a 60-unit degree program in 2005, with a focus on training students for entry into the counseling profession as LMFTs and LPCCs. With the awarding of CACREP accreditation in 2007 the Counseling program at CSUF achieved national recognition in the preparation of skilled counselors ready to affect their communities in positive ways, for the sake of increasing social justice. In 2011, the Department became an early adopter of the new curriculum required by the Board of Behavioral Sciences (BBS) for future LMFTs and LPCCs, infusing the concepts of the Recovery Orientation to Wellness throughout the curriculum for both licensure disciplines. And in 2013, the program expanded to 63 units, encompassing the entire core curriculum for LPCCs and LMFTs.

**Department of Counseling**
As mentioned above, the Department of Counseling is housed in the College of Health and Human Development (HHD). Counseling is a special relationship which develops between a person skilled in the art and science of helping and a person or group of persons desiring help with educational, career, emotional, behavioral, and/or relationship problems. Counselors understand that personal development is essential to effective professional development. Their focus on personal growth is balanced with their desire to facilitate individual, group, and family movement through the process of change. Counselors encourage personal development in clients facing difficult tasks or experiencing personal problems in life.

**Master of Science in Counseling: Marriage & Family Therapy (LMFT) & Licensed Professional Clinical Counselor (LPCC) Program**
The Department of Counseling at California State University, Fullerton meets the challenges of the changing dynamics of the field of professional counseling by offering a Master’s of Science degree in Clinical Mental Health Counseling with a Specialty in Marriage and Family Therapy, leading to potential licensure in either Marriage and Family Therapy (LMFT), Professional Clinical Counseling (LPCC) or both.

The philosophical orientation of the Counseling program is humanistic, systemic and community-centered. It is a fundamental belief of the program that individuals, families, and communities have their own inner wisdom, desire to grow, and capacity for solving life’s challenges. Further, the counseling program is based on the belief that therapists can most effectively assist people by understanding the relationship of emotional distress to family dynamics and the broader social and cultural forces that shape life in their respective communities.

The LMFT/LPCC Counseling program at CSUF is guided by the principle that professional development requires clinical skills, theoretical knowledge, cultural competence, ethical practice, and the capacity for continual self-reflection. Please see the Department Homepage for more information on the Department of Counseling/LMFT-LPCC Program, http://hhd.fullerton.edu/counsel/.

**Goal of Field Training in the Master of Science in Counseling Program**
The goal of field training is to prepare graduate students to become competent and ethically mature professionals through practical training guided by the integration of classroom instruction and hands-on clinical/counseling work in a variety of settings. These training objectives including the following:
1. To enhance the ability to apply theoretical constructs to the practical aspects of training.
2. To consolidate a knowledge base of the critical aspects in the practice of marriage and family therapy (LMFT) and professional clinical counseling (LPCC) in the domains of clinical evaluation, crisis management, treatment planning, treatment, human diversity, law, and ethics.
3. To become knowledgeable and skilled in working in a wide range of settings with diverse populations.
4. To confront current issues and controversies in the field and to provide effective solutions through a process of exploring one’s own theoretical perspective, utilizing/applying the legal and ethical guidelines in the field, and consulting with supervisors and other key participants.
5. To become engaged with positive role models in the field who will contribute to each student’s professional identity as a licensed marriage and family therapist (LMFT) and/or licensed professional clinical counselor (LPCC).

This Clinical Training Handbook

This Clinical Training Handbook is available to all students enrolled in COUN 530, COUN 584, COUN 590 and COUN 591, and the content of the handbook will be discussed in the Practicum Orientation that takes place each Fall and Spring semester before students enroll in the respective practicum courses. This handbook will also be available to practicum supervisors at the various sites where students will complete their training requirements and can be found at: http://hhd.fullerton.edu/counsel/CurrentStudents/Handbooks/ClinicalHandbook/default.htm.

The purpose of this handbook is to provide information necessary for students to successfully complete the practicum field training requirements that have been established by the Department of Counseling at California State University, Fullerton, and the California State Board of Behavioral Sciences (BBS).

The instructions and procedures in this Handbook are based on the laws, regulations, and ethical standards most recently cited by the Board of Behavioral Sciences (BBS), the American Counseling Association (ACA), the California Association for Marriage and Family Therapists (CAMFT), and the California Association for Professional Clinical Counseling (CALPCC). The Chair of the Department of Counseling and the Clinical Training Director are in continual contact with the BBS, CAMFT & CALPCC and students will be updated regarding changes and/or amendments to the current rules and regulations pertaining to the training component of the LMFT/LPCC program.

This Handbook also provides pertinent information regarding the requirements and expectations of the Department of Counseling concerning clinical/counseling training, supervision, and professional development. Both students and practicum supervisors are encouraged to comply with the requirements and procedures which are defined and discussed in this handbook, along with any amendments that are forwarded to students and agencies at a later date.
Any requests for exceptions to the rules, guidelines, and procedures of this Handbook must be made in writing. All such requests must be reviewed by the Counseling Faculty at their next departmental meeting. The Counseling Faculty will notify students, in writing, of their decision within fifteen (15) working days from the date of that departmental meeting.

**Terminology**
The clinical practice of psychotherapy by unlicensed practitioners in California is permitted through the Board of Behavioral Sciences (BBS) Statutes and Regulations for Marriage and Family Therapists. California has regulated the practice of marriage and family therapy since 1963. The BBS, under the State Department of Consumer Affairs, issues the license for Marriage and Family Therapist (LMFT) and as of November 2009 legislation was passed for Licensed Professional Clinical Counselors (LPCCs) to be licensed and regulated by the BBS. The BBS also issues the license for Licensed Clinical Social Workers (LCSW) and Licensed Educational Psychologists (LEP). The BBS members are appointed by the governor and are either public representatives or licensed members of one of the professions. The BBS is in the continuous process of interpreting and implementing legislative amendments.

The California Board of Behavioral Sciences (BBS) distinguishes between two types of non-licensed individuals in clinical training. The department requires that students use the appropriate terminology in all written and verbal communications.

- **Trainee:** An individual gaining experience in professional clinical counseling and/or marriage and family therapy, who is enrolled in a graduate program, has completed 12 units and become “classified”, but has not yet received their degree, is designated by the BBS as a **trainee**.
- **Intern:** The BBS designates an individual working toward licensure, who has completed the M.S. degree and is registered with the BBS, as an **intern (MFTI or PCCI)**.

For purposes of clarity, an additional term is utilized:

- **Trainee Experience:** Trainee experience, trainee counseling/clinical experience, experience(s) of trainees are terms utilized in this Handbook to designate counseling experiences gained by a CSUF LMFT/LPCC student throughout their program of study. Specifically, this timeframe begins with the date of the first class and ends with the satisfaction of all degree requirements. The intent of this designation is to alert students that during their trainee experience (etc.), they are always under the jurisdiction of the requirements delineated in this Handbook.

II. **SUMMARY OF BBS LMFT/LPCC LICENSURE REGULATIONS**

(See the following pages – for a summary or go to the BBS Website: [www.bbs.ca.gov](http://www.bbs.ca.gov))

[NOTE: Due to the recent passage of State legislation, this chart is about to be revised. Please visit the BBS website and watch for new developments. This will be the fastest route to the new information.]

LMFT Experience Information for Hours Gained on or after January 1, 2012

<table>
<thead>
<tr>
<th>EXPERIENCE TYPE</th>
<th>MINIMUMS AND MAXIMUMS</th>
<th>NOTES</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>DIRECT COUNSELING</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>1. Individual Counseling or Psychotherapy (performed by you)</td>
<td>No Minimum or Maximum</td>
<td>No pre- or post-degree hours are required performing individual psychotherapy, though many people gain hundreds of hours in this area due to the limitations of other categories.</td>
</tr>
<tr>
<td>2. Couples, Family and Child Psychotherapy (performed by you)</td>
<td>Minimum 500 hours</td>
<td>May be completed pre- or post-degree or a combination of both. Up to 150 hours of conjoint couples and family therapy may be double-counted</td>
</tr>
<tr>
<td>3. Group Therapy or Counseling (performed by you)</td>
<td>Maximum 500 hours</td>
<td>May be completed pre- or post-degree or a combination of both.</td>
</tr>
<tr>
<td>4. Telehealth Counseling (performed by you)</td>
<td>Maximum 375 hours</td>
<td>May be completed pre- or post-degree or a combination of both.</td>
</tr>
<tr>
<td><strong>NOTE - PRE-DEGREE HOURS:</strong> A maximum of 750 hours of clinical experience (1-4 above), including direct supervisor contact (7, 8, next page), can be counted pre-degree. EXAMPLE: A trainee earns 625 hours of clinical experience comprising a combination of categories 1, 2, 3 and 4. In addition, the trainee earns 125 hours of individual supervision pre-degree, for a total of 750 hours.</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>MISCELLANEOUS</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>5. Non-Counseling Experience (A-C below)</td>
<td>Maximum 1,000 hours combined</td>
<td>Categories 5A and 5B have their own maximums within the 1,000 combined maximum.</td>
</tr>
<tr>
<td>A. Attending Workshops, Seminars, Training Sessions or Conferences</td>
<td>Maximum 250 hours</td>
<td>May be completed pre- or post-degree or a combination of both.</td>
</tr>
<tr>
<td>B. Personal Psychotherapy (received by you)</td>
<td>Maximum 100 hours X 3</td>
<td>Up to 100 hours may be earned. These hours are triple-counted by the Board for a total of 300. Hours may be completed pre- or post-degree or a combination of both.</td>
</tr>
<tr>
<td>C. Direct Supervisor Contact</td>
<td>Maximum 1,000 hours Minimum 52 weeks/hours</td>
<td>Completed both pre- and post-degree. For more information see “Supervision” section.</td>
</tr>
<tr>
<td>6. Administering and Evaluating Psychological Tests, Writing Clinical Reports, Progress Notes, or Process Notes, and Client Centered Advocacy</td>
<td>Maximum 500 hours</td>
<td>May be completed pre- or post-degree or a combination of both.</td>
</tr>
</tbody>
</table>
### SUPERVISION

<table>
<thead>
<tr>
<th>EXPERIENCE TYPE</th>
<th>MINIMUMS AND MAXIMUMS</th>
<th>NOTES</th>
</tr>
</thead>
<tbody>
<tr>
<td>7. Supervision, Individual (One-on-One)</td>
<td>Minimum 52 Weeks/Hours</td>
<td>May be completed pre- or post-degree or a combination of both. Note: These may be non-consecutive weeks.</td>
</tr>
<tr>
<td>8. Supervision, Group</td>
<td>No Minimum or Maximum</td>
<td>No pre- or post-degree hours are required in this area. Not more than eight (8) supervisees are permitted per group. Must be provided in one two-hour session or two one-hour segments.</td>
</tr>
</tbody>
</table>

**NOTE:** A TOTAL MINIMUM of 104 hours/weeks of supervision is required. Persons gaining hours pre- or post-degree must have a minimum of one (1) hour of individual supervision, OR two (2) hours of group supervision during each week in which experience is claimed, for each work setting (see ratios required below). A maximum of five (5) hours of supervision may be credited per week.

**SUPERVISION RATIOS REQUIRED FOR DIRECT COUNSELING EXPERIENCE**

**Ratio - Hours of Clinical Experience to Units of Supervision**

<table>
<thead>
<tr>
<th>Experience Type</th>
<th>Ratio</th>
<th>Trainees: Minimum one (1) unit of supervision for every five (5) hours of client contact in each setting</th>
<th>Post-degree: Minimum one (1) unit of supervision each week in each setting; AND one additional unit during any week in which more than ten (10) hours of client contact is gained in each setting</th>
</tr>
</thead>
<tbody>
<tr>
<td>One unit of supervision is equal to one (1) hour of individual or two (2) hours of group supervision</td>
<td></td>
<td></td>
<td>For trainees, ratios can be calculated based on the average number of hours gained over the entire period of time a trainee works in a particular setting. Supervision ratios cannot be averaged for persons gaining hours post-degree. For examples of how to apply supervision ratios, see “Answers to Most Frequently Asked Questions Relating to MFT Interns and Trainees.”</td>
</tr>
</tbody>
</table>

### WEEKS OF EXPERIENCE REQUIRED

<table>
<thead>
<tr>
<th>TOTAL HOURS OF EXPERIENCE REQUIRED</th>
<th>Minimum 104 weeks</th>
<th>Completed pre and post degree.</th>
</tr>
</thead>
<tbody>
<tr>
<td>PRE-DEGREE</td>
<td>Maximum 1,300 hrs</td>
<td>POST-DEGREE</td>
</tr>
</tbody>
</table>

1,300 maximum pre-degree hours = 750 maximum counseling and supervision (categories 1-4, 7, 8) + all remaining hours categories

**TOTAL**

| Minimum 3,000 hours | |

The information provided in this publication is general and intended to serve as a quick answer guide for common questions. The *Statutes and Regulations Relating to the Practice of Professional Clinical Counseling, Marriage and Family Therapy, Educational Psychology, and Clinical Social Work* contains the official legal code sections and language. The Board of Behavioral Sciences encourages you to thoroughly read the *Statutes and Regulations* and refer to it in cases that require official legal language.
NEW OPTION FOR SUPERVISED EXPERIENCE CATEGORIES
AVAILABLE JANUARY 1, 2016
FOR LMFT AND LPCC APPLICANTS

A new streamlined option for the categories of supervised experience that can be claimed will be available effective January 1, 2016* for LMFT and LPCC applicants.

Hours gained after January 1, 2010 can now qualify under either Option 1 (new streamlined categories) or Option 2 (pre-existing multiple categories) as described below. Applicants must fully qualify under Option 1 OR Option 2. There is no “mixing and matching” between the two categories.

Individuals who wish to qualify under Option 2 must submit an Application for Licensure and Examination postmarked no later than December 31, 2020. Otherwise the applicant must qualify under Option 1.

*Per Senate Bill 620, Chapter 262, Statutes of 2015

LMFT OPTION 1 (new streamlined categories)

Under the new option, the supervised work experience categories break down into just two overall types:

- **Direct counseling experience (Minimum 1,750 hours)** ○ A minimum of 500 of the above hours must be gained diagnosing and treating couples, families and children.

- **Non-clinical experience (Maximum 1,250 hours)** ○ May consist of direct supervisor contact, administering and evaluating psychological tests, writing clinical reports, writing progress or process notes, client centered advocacy, and workshops, seminars, training sessions, or conferences
LMFT OPTION 2 (pre-existing multiple categories)

- a. Individual Psychotherapy *(No minimum or maximum hours required)*
- b. Couples, Families, and Children *(Minimum 500 hours - up to 150 hours may be double-counted)*
- c. Group Therapy or Counseling *(Maximum 500 hours)*
- d. Telehealth Counseling *(Maximum 375 hours)*
- e. Workshops, seminars, training sessions, or conferences directly related to marriage, family, and child counseling *(Maximum 250 hours)*
- f. Personal Psychotherapy Received *(Maximum 100 hours, triple counted)*

<table>
<thead>
<tr>
<th>g. Administering and evaluating psychological tests of counselees, writing clinical reports and progress or process notes</th>
<th>2010 &amp; 2011</th>
<th>2012 &amp; Later</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Max 250 hours</td>
<td>Max 500 hours combined</td>
</tr>
<tr>
<td>h. Client-Centered Advocacy</td>
<td>Max 1,250 hours</td>
<td></td>
</tr>
<tr>
<td>i. Direct Supervisor Contact</td>
<td>Combined Max 1,250 hours</td>
<td>Max 1,000 hours</td>
</tr>
</tbody>
</table>

LPCC OPTION 1 (new streamlined categories)

Under the new option, the supervised work experience categories break down into just two overall types:

- **Direct counseling experience *(Minimum 1,750 hours)*** ○ Must include minimum of 150 hours of clinical experience in a hospital or community mental health setting

- **Non-clinical experience *(Maximum 1,250 hours)*** ○ May consist of direct supervisor contact, administering and evaluating psychological tests, writing clinical reports, writing progress or process notes, client centered advocacy, and workshops, seminars, training sessions, or conferences
LPCC OPTION 2 (pre-existing multiple categories)

a. Direct Counseling with Individuals, Groups, Couples or Families *(Minimum 1,750 hours)*

b. Group Therapy or Counseling *(Maximum 500 hours)*

c. Telehealth Counseling *(Maximum 375 hours)*

d. Maximum 1,250 hours that include all of the following:
   - Workshops, seminars, training sessions, or conferences directly related to marriage, family, and child counseling *(Maximum 250 hours)*
   - Administering and evaluating psychological tests of counselees, writing clinical reports and progress or process notes *(Maximum 250 hours)*
   - Client-Centered Advocacy
   - Direct Supervisor Contact
III. ORGANIZATIONAL STRUCTURE

The Department Chair, Clinical Training Director, Fieldwork Coordinator - Counseling, and Faculty are responsible for the fieldwork training components of the Department of Counseling, LMFT/LPCC preparation program at California State University, Fullerton.

Department Chair
The Department Chair is responsible for administering the Counseling program, and as such, the Clinical Training Director reports directly to the Chair. The Chair consults with and makes recommendations to the Clinical Training Director relative to training issues.

Clinical Training Director
The Clinical Training Director oversees the field-training component of the Counseling program. The Clinical Training Director is responsible for anticipating the needs and concerns of students relative to training, reporting on training issues and concerns at departmental meetings, meeting regularly with the department chair and dean as appropriate, and representing California State University, Fullerton and the Counseling program at the Regional Consortium meetings, which consist of community agency clinical directors and university clinical training directors.

The Clinical Training Director also serves as an agency liaison, which includes the following responsibilities:

1. Make initial contact with potential agencies and conduct site visits to ascertain appropriateness of the particular site for practicum training needs.

2. Work with agencies to meet the clinical training requirements for MFT Trainees and Clinical Counseling (CC) Trainees as set forth by the Department of Counseling and the Board of Behavioral Sciences (BBS).

3. Engage with practicum placement sites by informing them of CSUF’s policies and procedures, responding to agency and student needs when issues are not resolved by practicum instructors, and providing consultation to agencies to enhance their LMFT/LPCC clinical training programs.

4. Facilitate the Student Practicum Orientation each semester for students to assist MFT/CC Trainees in their preparation for practicum.

5. Ensure that students and clinical training sites are in compliance with BBS rules and regulations, including legal and ethical guidelines.

6. Review all student evaluations of agencies and agency evaluations of students, and make recommendations as appropriate.
7. Evaluate feedback from practicum instructors about clinical training sites and students, and follow up as appropriate.

8. Conduct exit interviews and evaluations with each graduating student.

9. Facilitate the Internship Preparation Workshop (part of the Exit Interview event) for students during their last semester in the program to inform them about the PCCI/MFTI internship process at the BBS.

10. Develop new practicum field placements for the LMFT/LPCC Clinical Training Site Directory.

**Fieldwork Coordinator**

The Fieldwork Coordinator - Counseling provides 20 hours per week of administrative, clerical and advisement responsibilities. The Fieldwork Coordinator has the following duties and responsibilities:

1. Assist the Clinical Training Director as needed.

2. Distribute COUN 530 Selection Forms during Practicum Orientation in the Fall and Spring to all students planning to enroll in COUN 530 the following semester. Note: COUN 530 is not available in Summer.

3. Distribute COUN 584 Selection Forms to all faculty teaching 530 so they can distribute the forms to students planning to enroll in 584.

4. Meet with students who are preparing to enroll in COUN 530 by reviewing the LMFT/LPCC Clinical Training Site Directory, providing each student with information on the basic requirements before enrollment, and surveying their scheduling needs for the upcoming semester.

5. Meet with students who are preparing to enroll in COUN 584, 590, or 591 if they have been approved by the Clinical Training Director to change their practicum site.

6. Ensure that each agency where trainees are placed has an up-to-date file in the Clinical Training office, including (but not limited to) the External Clinical Training Site application, and accompanying copies of current licenses of all community-based supervisors.

7. Maintain Clinical Training files for all those enrolled in COUN 530, 584, 590, and 591 including student’s proof of malpractice insurance, “four-way agreements,” and responsibility statements showing supervisors’ names and license numbers.

8. Ensure sure that the Clinical Training Handbook is routinely updated and available on the web at:
9. Assist the Clinical Training Director in surveying and distributing information to all instructors teaching COUN 530, 584, 590, or 591 in order to track students in agencies and disseminate the latest information on teaching and licensure regulations.

10. Assist in the coordination of the Student Practicum Orientation, Practicum Instructors’ Workshop, Practicum Agency Faire, and Exit Interview each Fall and Spring Semester.

11. Attend meetings as directed.

12. Maintain an accurate listing of practicum students including Clinical Training Site placement on the Departmental database.

13. Maintain the highest level of professionalism.

Faculty
Each full-time faculty member is encouraged to teach one of five (5) practicum courses, (COUN 511, 530, 584, 590, or 591). Faculty who teach COUN 530, 584, 590, or 591 are expected to provide students with training in the following areas:

1. The ongoing procedures of the counseling setting, including the intake process, assessment/evaluation, case conceptualization, case management, record-keeping, and legal and ethical issues;

2. The effective use of supervision sessions;

3. Supervision for the development of self in the counseling process;

4. Experience in meeting the mental health needs of adults, couples, families, and children who come from culturally/ethnically diverse backgrounds;

5. Review of counseling modalities, strategies, and interventions, with an emphasis on evidence-based practices in the Recovery Orientation to wellness;

6. Continual awareness of one’s own personal strengths and limitations, and methods of self-monitoring;

7. Expanding awareness of one’s personal, ethical, ethnic and cultural biases and boundaries in clinical work.

Both full and part-time Faculty who teach COUN 530, 584, 590, or 591 are expected to adhere to the following guidelines:
1. Ensure that the following documents are submitted to the Clinical Training office no later than the second week of fall and spring semester, (or in the case of COUN 584, 590, and 591 documents must already be contained in the students’ files unless the Clinical Training Director authorized a change of site, necessitating new documents).

   a. **Original** Declaration Statement (document verifying that students have read and understand the practicum guidelines set forth in the Clinical Training Handbook)

   b. **Original** Participation Consent Form

   c. **Original** Transportation/Storage Confidential Client Data Form

   d. **Original** 4-Way Agreement (with all appropriate signatures and dates)

   e. **Copy** of Supervisor Responsibility Statement (BBS form)

   f. **Copy** of Proof of Insurance for the students’ own malpractice coverage. (Note: Agency coverage alone is not sufficient.)

**NOTE:** After the 2nd week of COUN 530, students will not be allowed to continue in their Clinical Training Site unless the Clinical Training Director has signed their paperwork, and all of the aforementioned documents are on file. Please contact the Fieldwork Coordinator-Counseling at ext. 7454 for assistance if needed.

**NOTE:** Students beginning Practicum at a site that is not listed in the LMFT/LPCC Clinical Training Site Directory, may not begin performing clinical hours until their 4-Way Agreement is signed by the Clinical Training Director.

2. Provide a syllabus that meets the standards and criteria as required in UPS 300.004. A copy of all syllabi must be submitted to the Program Chair of the Counseling Department.

3. In accordance with the CSUF Faculty Handbook, “faculty are expected to devote the amount of time to formal instruction that the course requires. In the event that a faculty member is unable to meet a class, the department chair must be notified, normally before the class meeting, and in any case, as soon as possible.”

4. Provide clear criteria for grading and deadlines for all assignments.

5. Provide clear written instructions and guidelines for videos, case presentations, and other assignments.
6. Require students to bring a minimum of three (3) videos of their sessions with clients to class during the semester, and provide appropriate feedback regarding videos and case presentations.

7. Make one (1) introductory telephone call to site supervisors within the first two weeks of the semester, have email contact [see e-Form, Appendix B] every other week during the semester, and make one (1) site visit with the supervisor and student at the end of the semester of COUN 530. At the end of COUN 584, make one (1) site visit with both supervisor and student to discuss the student’s progress and experience at the agency, unless a student has changed agencies after completion of COUN 530. In such case, an introductory telephone call should be made to the supervisor within the first three (3) weeks of COUN 584. Maintain agency contact during COUN 590 and 591.

8. Contact the Clinical Training Director immediately if problems arise that the instructor and student cannot resolve.

9. Verify students’ direct client contact (DCC) hours, and other practicum hours.

10. Assist students with case management.

11. Distribute the COUN 584 Selection Form to students currently enrolled in COUN 530, and return the completed form to the Fieldwork Coordinator – Counseling’s mailbox in EC 405.

12. Collect student’s Assessment of Clinical Training Site, Evaluation of Site Supervisor, and Practicum Summary Log and return with a completed End of Semester Check-Out form [see Appendix B] to the Clinical Training Director’s mailbox in EC 405 within two weeks after grades are due.

13. Provide individual feedback to students twice: at the midpoint and at the end of the semester. The midterm and end-of-semester feedback should be both oral and written. Please complete and sign the Practicum Instructor’s Final Evaluation of Student form (in consultation with the site supervisor) [see Appendix B] and submit it to the Clinical Training Director, along with the documents in #12.

NOTE: Students must submit (or have on file) the following documents: 4-Way Agreement, Participation Consent Form, Transportation/Storage of Confidential Client Data Form, Supervisor Responsibility Statement(s), Proof of Malpractice Insurance, Practicum Summary Log/Semester Accounting Form, and Evaluations of Supervisor and Agency as outlined in the syllabus, [see Appendix B] in order to receive a grade of Credit in the practicum course. Faculty should track students’ compliance with this documentation requirement and notify the Clinical Training Director of any deficiencies in a timely way. Final semester Credit/No
Credit (C/NC) grades should not be assigned until all required documentation has been presented.

IV. STUDENT RIGHTS AND RESPONSIBILITIES

Rights
Each student in the Counseling program has the following rights:

1. To know the criteria for evaluation in the course and to receive progress evaluations from the instructor on a regular, systematic basis.

2. To know the expectations and procedures established by the practicum instructor.

3. To expect supervision and feedback in the management of cases on both regularly scheduled and case need bases, as conforms to the ethical standards of ACA, CAMFT & CALPCC and the regulations outlined by the BBS.

4. To know the procedure for handling emergencies.

5. To ask questions regarding the counseling process and the correct handling of cases.

6. To have the rules and regulations of the BBS explained fully.

Responsibilities
Each student is expected to know and follow the contents of the guidelines contained in this handbook. Should an issue arise that is not covered in the handbook, the student should consult with the Fieldwork Coordinator-Counseling or the Clinical Training Director for assistance. Failure to follow the guidelines as set forth in this handbook may affect the student’s progress through the program. More specifically, students are expected to:

1. Attend the mandatory Practicum Orientation one semester prior to enrolling in COUN 530.

2. Submit Counseling 530/584 Selection form to Counseling Field Placement Office in order to register for COUN 530 or COUN 584.

3. If necessary, meet with the Fieldwork Coordinator-Counseling or the Clinical Training Director to discuss approved practicum sites.

4. Contact clinical training sites from our approved list and apply according to the guidelines of the agency. [See Appendix A for Clinical Practicum Training Sites]
5. Join ACA, CAMFT or CALPCC, and become familiar with the LMFT and/or LPCC rules and guidelines as set forth by the BBS.

6. Maintain regular attendance in practicum classes (COUN 530, 584, 590, and 591 if needed).

7. Remain open to feedback.

8. Be willing to provide videos of sessions with clients. These will be needed for presentations in class. NOTE: As stated on the Transportation/Storage of Confidential Client Data Form [see Appendix B] client confidentiality must be maintained, so transport of client videos in locked or encrypted storage must be demonstrated, in compliance with ethical codes and professional practice.

9. Comply with the guidelines as set forth in the Clinical Training Handbook, and the course syllabi for COUN 530, 584, 590, and 591.

10. Submit the required paperwork to practicum instructor by the second class session for COUN 530:
   a. 4-Way Agreement [Original] Attach a photo (face only) of student, approx. 2” x 3”.
   b. Participation Consent Form [Original]
   c. Declaration Statement [Original]
   d. Transportation/Storage of Confidential Client Data form [Original]
   e. Proof of student’s own individual malpractice insurance coverage. [Copy] Note: Agency coverage alone is not sufficient.
   f. Responsibility Statement (each supervisor must sign a separate form) [Copy]
      [See Appendix B for all forms. Check BBS website for updated versions of BBS forms].

11. Provide services that are within the student’s scope of practice.

12. Be accountable for legal, ethical, and professional conduct at CSUF and all clinical training sites.

13. Advise the practicum instructor when placement conditions differ from those contracted for by the agency, student, and the school, or which interfere with proper training. Examples of such conditions may include the following:

   a. Supervision that does not comply with the requirements of this handbook and the signed 4-way contract;

   b. Insufficient training opportunities (e.g., in-service, case conferences, client load, supervision) to meet student’s training goals;
c. Any agency changes (e.g., financial or administrative problems, changes in personnel) that may adversely affect the professional standards and/or clinical or administrative functioning of the agency;

d. Any form of exploitation, which includes sexual harassment, workload, or any and all inappropriate requests, such as tasks that are unrelated to the training of a professional clinical counselor or marriage and family therapist;

e. Discriminatory practices based on race, color, national origin, age, gender, sexual orientation, religion, or physical disability.

**Note:** Since students are approved to go into agencies based on a goodness-of-fit with their specific training needs, information regarding the above issues (if they arise) should be brought to practicum instructors and the Clinical Training Director immediately.

15. Have clinical training site supervisors complete an evaluation of student’s training progress at the end of each semester using the Agency Supervisor Final Evaluation of Trainee form (primary supervisor).  **[See Appendix B]**.

16. Review the completed evaluations with student’s supervisor and submit them to the Practicum Instructor by stated deadlines.

17. Complete the **Student Evaluation of Supervisor** and **Student Assessment of Agency** forms.  **[See Appendix B]**.

18. Keep track of hours by using the BBS form titled “**Weekly Summary of Hours of Experience**”.  **[See Appendix B]**. Hours must be signed by the supervisor(s) and should be maintained by the student for submission to the BBS at the appropriate time.  **NOTE:** Keep a copy of this log to facilitate calculating cumulative totals as practicum processes.

19. Have supervisor sign **Practicum Summary Log/Semester Accounting Form**  **[See Appendix B]**, and submit a copy to practicum instructor at the end of COUN 530, 584, 590, and 591.  **NOTE:** Keep a copy of this log to facilitate calculating cumulative totals as practicum progresses.

20. Maintain confidentiality both in the classroom and out in the field.

**V. CONFIDENTIALITY**

Any communication between a student and the Program Chair, Clinical Training Director, and Faculty regarding training issues is not viewed as confidential. However, the welfare and training of the student as well as the needs of the profession, the public, and the
university will be taken into consideration when determining how to use any shared information. The student may participate in discussions regarding the dissemination of information.

The supervision experience is generally considered open for discussion between supervisors, practicum instructors, and the Clinical Training Director. Supervisors will be instructed to use their discretion regarding the form and content of what they communicate, and students may request that certain personal information be treated as confidential by supervisors. However, each supervisor must consider whether the disclosure of information may be beneficial to the training of the student, as well as for the good of the public. It is recommended that the student and supervisor discuss these issues prior to the disclosure of sensitive information to the practicum instructors and the Clinical Training Director.

Practica placement evaluations are only available to the Counseling Faculty, and are to be treated similarly to course evaluations. Disclosure of information is to be done among the Counseling Faculty, if deemed necessary for evaluation and Classification/Advancement to Practicum purposes, and to protect the university, student, and the public. Any other release of information requires that student’s request and consent.

As a function of the selection process, clinical training sites have the right to contact former supervisors at previous placement agencies. It is broadly assumed that the student’s listing of these placement agencies on their applications and vitae constitutes a tacit release of information.

VI. CLINICAL TRAINING SITE SELECTION PROCESS

Students are approved for placement sites on an individual basis, depending on their specific training needs and the site’s requirements (e.g., being bilingual). All students participating in their practicum experience year must choose a community setting that meets the following requirements:

1. The agency must be one of the following settings:
   a. Governmental entity;
   b. School, college, or university;
   c. A nonprofit and charitable corporation;
   d. A licensed health facility;
   e. A social rehabilitation facility or a community treatment facility;
   f. A pediatric day health and respite care facility;
   g. A licensed alcoholism or drug abuse recovery or treatment facility;

2. The agency must be devoted to training students to become marriage and family therapists and/or professional clinical counselors and must have a training program in place to meet this goal.

3. The agency must have the appropriate documentation necessary to verify to the BBS that the placement is one that is named in law as appropriate for an MFT/CC trainee, and that the trainee is employed in the manner
required by law. This documentation must be kept on file in the office of the Fieldwork Coordinator-Counseling.

4. The agency must provide the highest quality of supervision, and supervision and supervisors must meet the minimum requirements set forth by the BBS for MFT/CC Trainees.

5. The agency must have an orientation process for trainees, as well as an emergency response plan.

6. The agency must be able to comply with the minimum requirements regarding hours of counseling and other practicum duties each semester, which are in accordance with the Department of Counseling guidelines, CACREP accrediting standards, and BBS regulations for LMFT/LPCCs.

7. The agency must allow students to video clients. An exception to this requirement is made in cases such as a domestic violence shelter program where there may exist legal mandates against any photographing or videoing of clients. Exceptions to the video rule must be processed through the Clinical Training Director such that videos may be replaced by audio taping.

Appendix A provides a directory of LMFT/LPCC Clinical Training Sites that meet these requirements and where previous CSUF MFT/CC Trainees have gained practicum experience hours. Evaluations of the sites and supervisors (filled out by these former trainees) are kept on file in the COUN Clinical Training Office in EC 479 where they are available for reference. Students are strongly encouraged to make use of these feedback tools in forming their perceptions about potential training sites.

Students are responsible for selecting their own placement site; however, the Clinical Training Director must approve their selection by reviewing the application and signing the 4-Way Agreement. Note: Students are approved to go into sites that are mutually appropriate. Questions about the matching process should be referred to the Fieldwork Coordinator - Counseling and the Clinical Training Director.

If a student wishes to gain practicum experience hours at a site that is not listed in the LMFT/LPCC Clinical Training Site Directory, they may meet with the Clinical Training Director to determine if that site meets the student’s training needs. If so, the site must fill out and return appropriate documentation (e.g., site application). Please note that this process takes time to navigate, so ensure requests are made well ahead of planned enrollment in COUN 530.

VII. CLINICAL TRAINING COURSES

The four (4) practica courses totaling twelve (12) units listed and described below are designed to assist students in maximizing their counseling/clinical skills. An optional 5th class is available (591) for students who have completed their full practicum year but have not completed their required 280 DCC hours.
**COUN 511 (3) Pre-Practicum**
This course will prepare students for conducting initial interviews and establishing therapeutic relationships in their practicum. Specifically, the course will introduce students to the initial phase of the counseling process, including forming a relationship with culturally diverse clients, facilitating client self-exploration, helping to establish client goals, and assessing for crisis (“red flag”) situations.

**COUN 530 (3) Beginning Practicum**
This course provides Part I of the supervised counseling fieldwork experience (practicum) in appropriate community settings. This course will provide students with opportunities to: (1) acquire counseling experiences and competencies with a diverse clientele consisting of families, couples, children, and individuals, (2) develop a personal counseling style, (3) develop an understanding of and skill in writing case summaries and treatment plans, (4) participate in group supervision of cases, (5) participate in peer support groups (6) explore professional issues and development, (7) develop case presentation skills, (8) discover personal issues and triggers in counseling, including gaining an awareness of interpersonal processes that might impact therapeutic relationships, and (9) attend to legal and ethical issues.

**Counseling 584 (3) Advanced Practicum**
This course continues the supervised counseling fieldwork experience (practicum) in appropriate community settings. In addition to the opportunities provided in Counseling 530, students will become skilled in (1) making case conceptualizations that demonstrate the ability to integrate theory with practice; (2) conducting cultural formulations to ensure appropriate strategies and techniques are used; (3) appropriately using the DSM 5 in making treatment plans (when applicable); (4) formulating case conceptualizations; (5) complying with current BBS regulations and ACA, CAMFT & CALPCC ethical standards.

**COUN 590 (3) Case Conceptualization and Advanced Counseling Techniques**
Prerequisites: enrollment in either COUN 530 or 584. This course focuses on case conceptualization and the integration of advanced techniques into the student’s repertoire of counseling skills. Case presentations and analysis of video recorded sessions will be emphasized. This course must be taken as part of the year-long practicum experience, and may precede or follow COUN 584, depending on the semester COUN 530 is taken. (Ex: Spring COUN 530, Summer 590, Fall 584; Fall COUN 530, Spring 584, Summer 590).
**Note:** Following the practicum year, COUN 590 may be repeated for credit. Students who complete their practicum experience must continue to enroll in COUN 590 until they graduate if they desire to continue performing/earning MFT/CC trainee experience hours. All experience hours earned before graduation must be gained under the provision of a 4-Way Agreement, which includes registration in a practicum class.

**COUN 591 (3) Advanced Practicum II**
Prerequisites: Completion of COUN 530, 584 & 590. COUN 591 is required if, after completing the full practicum year a student has not yet gathered all of the 280 required DCC hours. Students who have completed these hours would register for 590 instead (see Note above). Topics from COUN 584 & 590 are continued in greater depth and complexity in 591.
Students must enroll for the entire semester, even if they complete the 280 DCC hours before then.

**Grading Policy for Practicum Students**

The Department of Counseling faculty at CSUF is responsible for serving as gatekeepers to the profession of counseling, and has therefore set high standards for the delivery of quality care to consumers of counseling services. Practicum is a performance-based course. Students are evaluated according to **demonstrated learning** of developmentally appropriate professional, ethical, and culturally sensitive counseling skills. The standards for credit/no credit grades based on this demonstration of learning follows:

**Credit:** A grade of “Credit” indicates that a student is making competent and appropriate progress in her or his development of counseling skills, professionalism, and legal and ethical behavior, as well as gaining sufficient Direct Client Contact (DCC) hours. The student is also engaged in a process of becoming culturally sensitive/responsive to clients’ needs. Examples of performance for which “Credit” is appropriate include the consistent integration of feedback into counseling performance, the use of questioning and self-reflection, and the ability to form a therapeutic relationship with clients within which the client can be understood and valued. As noted in the following Presentations Evaluation Rubric, in order to receive a grade of “Credit” students must score at a ranking of 3 or higher by the end of the semester in the areas being demonstrated in their presentations.

**Note:** The timely completion of all required class work may not necessarily result in the grade of “Credit”. Course credit will be based on the combination of participation, presentations, depth and quality of writing, and overall evaluation of therapeutic skills and professionalism.

**No Credit:** A grade of “No Credit” indicates that a student is making unsatisfactory progress in her or his development of counseling skills, professionalism, and legal and ethical behavior, or is unable to gain sufficient Direct Client Contact (DCC) hours. Additionally, examples of concern may include—but are not limited to—the over-anxious or over-timid student, the opinionated or domineering student, or the student who is unable to hear and incorporate feedback from supervisors, instructors, and fellow students. As noted in the following Presentations Evaluation Rubric, a student would earn a grade of “No Credit” if she or he is not able to merit a ranking of 3 or higher by the end of the semester in the areas being demonstrated in the presentations.
Practicum Presentations Evaluation Rubric

The following scale will be used in providing feedback on your presentations:

1 unacceptable performance
2 needs improvement in performance
3 appropriate performance (expected level)
4 good demonstrated performance
5 outstanding clinical performance
N/A not applicable or insufficient evidence to make a rating

Note that all skills demonstrated must reach the level of 3 (expected level) or higher by the end of the semester. Also, not all clinical skills are required for each presentation as some skills may not have a chance to be demonstrated—these are just possibilities—do not feel that you need to show all of these skills in your presentation.

Comments:
VIII. PRACTICUM GUIDELINES

Practicum Defined
Practicum is field experience taken for academic credit that provides students with the opportunity to learn counseling skills under supervision. This experience may be with individuals, children, adults, and families. Consistent with BBS regulations for LMFTs, the focus will be on relationship problems/issues specifically. For sites training LPCCs, the focus will be on identifying and remediating cognitive, mental, and emotional issues.

Minimum Practicum Experience Defined
Students should plan to devote approximately 15-20 hours per week for three (3) consecutive semesters of supervised practicum. Please refer to Section II, Summary of BBS LMFT/LPCC Licensure Regulations or the BBS website for minimum/maximum experience requirements.

The Department of Counseling requires that students have a total of 700 Practicum hours (defined below) during their practicum year, with a minimum of 280 direct client contact hours during the course of COUN 530, 584, and 590. These totals meet or exceed the BBS regulations for LMFT/LPCCs and CACREP accreditation standards.

Direct client contact (DCC) hours are accrued through providing counseling services to clients in the following categories: individual children and/or adults, couples, families, and groups. Groups should be facilitated by two clinicians (including, but not limited to, student trainees) as co-leaders whenever possible. Note: co-leaders for groups are mandatory during COUN 530.

Students will gather all 280 of their direct client contact (DCC) hours during the (minimum of) 3 semesters in which they are enrolled in practicum courses COUN 530, 584, and 590. DCC hours may be performed and counted as of the date the semester begins [Note: Non-DCC hours may be counted from the date listed in the 4-Way Agreement.] Students in their first semester of practicum (COUN 530) need to earn a maximum of 40 DCC hours of the 280 required for graduation (by CACREP, not the BBS). The remaining 240 DCC hours will be gathered in COUN 584 and COUN 590. If necessary, students will enroll in 591 as they finish gathering their DCC hours. Students who have completed their required 280 DCC hours but wish to gain further practicum experience will enroll in 590. Students doing any clinical hours must be enrolled in practicum. Students enrolling in 591 or extra semesters of 590 may: 1) stay at their original site beyond the calendar year commitment: or 2) seek placement in another approved site. Either scenario requires consultation with the Clinical Training Director. In NO circumstances may a student change sites/begin at a new site without the express PRIOR knowledge of and permission from the Clinical Training Director.

The remaining 420 non-DCC practicum hours (of 700 total practicum hours) are made up of educational and service activities that further the student’s clinical knowledge and practical experience in the counseling field. These activities may include (but are not limited to) supervision, trainings, client-centered advocacy, staff meetings, readings and/or using multimedia for professional development, consuming and conducting research, record
keeping, administrative tasks, case reviews, and case management, interdisciplinary team meetings, community outreach, etc. The appropriateness of these ancillary activities (for 420 practicum hours) will be determined by the Site Supervisor based on the student’s training goals, and approved by the Practicum Instructor and Clinical Training Director. **Note:** Of the 420 practicum hours that are not direct client contact hours, only those hours for supervision, client-centered advocacy, record keeping, and professional (CEU) workshops (authorized by Site Supervisor) count towards the BBS required 3,000 experience hours for LMFT licensure. Recall that no pre-graduation hours of experience may be counted toward LPCC licensure.

Students are responsible to keep their practicum instructors informed regarding the number of hours (DCC and total) being accumulated throughout the year. Students are highly encouraged to maintain a tracking system to calculate the accrued hours, and maintain a COPY of any logs turned in to the Practicum Instructor or Clinical Training Director.

**Note:** Remember the practicum experience lasts one full year, and even though CSUF may be on break, obligations at the agency remain. Students must adhere to the guidelines of the agency regarding holidays and breaks.

There are seven (7) kinds of **COUNTABLE HOURS** you may earn as a MFT trainee that count toward licensure:

1. Your own personal psychotherapy with a licensed therapist. Your therapy is counted at a three-to-one ratio (1 hour of therapy counts as 3 hours for licensure).

2. Direct client service hours (counseling actually provided by you; no-shows do not count).

3. Supervision you receive (individual and/or group).

4. Professional enrichment hours (training and workshops attended that are authorized and counter signed by your supervisor).

5. **Telemedicine** [For a full definition of telemedicine, see the BBS website]  
A telephone conversation or email message is not considered telemedicine except when services are being delivered to the client. For example, telemedicine is not provided when a telephone call is made to schedule an appointment with the client. A telephone conversation in which the client is being provided with services by the intern or trainee is considered telemedicine.

6. Administering and evaluating psychological tests, writing clinical reports, and writing progress or process notes.

7. **Client-centered Advocacy** [CCA is defined in Business and Professions Code (BPC) Section 4980.34(h) as including, but not limited to
“researching, identifying, and accessing resources, or other activities, related to obtaining or providing services and supports for clients or groups of clients receiving psychotherapy or counseling services.”]

**Note:** Only personal therapy can be counted upon admission to the program (from the date the letter of acceptance is received). The other six (6) categories **CANNOT BE COUNTED** until students have completed 12 units and have been **CLASSIFIED/ADVANCED TO PRACTICUM.** After the Classification/Advancement to Practicum process is complete (**note:** this is **not** automatic), these hours may be counted toward BBS licensure requirements once the MFT trainee has a supervisor. The Site Supervisor is always the one with discretion as to whether the training hours in categories 2-7 are acceptable and may be counted.

**Reminder:** For both MFT and CC trainees, per the BBS, for purposes of enrollment in Beginning Practicum (COUN 530), direct client service hours may **NOT** be performed or counted for fulfillment of the required hours until the official start of the semester (i.e., late August or January).

**Supervision**

To meet BBS licensure requirements, students (trainees) must obtain supervision at a 5:1 ratio, receiving 1 unit of supervision for every 5 client contact hours per week on the average. A unit of supervision consists of either 1 hour of individual face-to-face supervision or 2 hours of group supervision (with no more than 8 supervisees) per week. [Note: a minimum of 52 weeks of individual supervision must be included in the 3,000 hours of supervised experiences for licensure.] During the practicum year, students are required to schedule both individual and group supervision every week of each 15 week semester **even when this may exceed the BBS requirement** for supervision. For limitations on who can/cannot serve as your agency supervisor (e.g., your personal psychotherapist), please refer to the BBS website.

In addition, students participate in practicum class in a discussion with their practicum instructor each week, to which students are required to bring a minimum of three videos during the semester reflecting their current counseling sessions with clients at their agency.

The BBS has established the following requirements for supervisors:

1. Has been licensed by a state regulatory agency for at least two years as a licensed marriage and family therapist, licensed professional clinical counselor, licensed clinical social worker, licensed psychologist, or licensed physician certified in psychiatry by the American Board of Psychiatry and Neurology.

2. Has not provided therapeutic services to the trainee or intern.

3. Has a current and valid license that is not under suspension or probation.

4. Complies with supervision requirements established by their professional organization’s ethical codes and by BBS regulations.
**Volunteer Supervision**

If the Site Supervisor is a volunteer (i.e., a licensed professional who is not self-employed or a paid employee) extra documentation is needed. Specifically, there needs to be an original written agreement that states the supervisor is a volunteer. Attach the original written agreement between the parties (trainee/intern, volunteer supervisor and the agency) to the BBS Experience Verification Form (for later hours verification – MFT Trainees only). The supervisor is asked on the Verification Form to declare if he or she worked as the student’s supervisor on a voluntary basis, as opposed to a self-employed basis in private practice or on a paid basis as an agency employee. This letter of agreement is needed any time the trainee’s (or intern’s) supervisor is **not paid by agency** (trainees) or **employer** (Interns) for the provision of supervision. The trainee/intern should maintain the original of this letter of agreement to submit with the application for licensure. Contact the BBS at [www.bbs.ca.gov](http://www.bbs.ca.gov) for additional clarification as to the requirement for this letter. This is one of the most overlooked pieces of documentation in the application for LMFT licensure. Please do not overlook this requirement.

**Change of Agency**

Students will interview for, and sign a 4-Way Agreement with their clinical training site that encompasses a full calendar year. It is expected that students will remain in their clinical training site for the entire year. Commitments to community clinical training sites (with whom reciprocal trust is an essential ingredient), are to be honored except in the most extreme circumstances. In the rare case where it may be in the best interest of the student, agency or public to change agencies, students **must** contact the Clinical Training Director **before** any changes are made, to discuss possible resolutions to the situation. A change of agency would involve a student’s written request and would be considered by the full faculty. It is understood that any potential problems between a student trainee and their site would be immediately and continually discussed with the practicum instructor, who will then make the Clinical Training Director aware of the situation, as appropriate.

**NOTE:** If a student extends their time at an agency beyond the calendar year, only the “dates from and to” page (#7 of 8) of the 4-Way Agreement will need to be resubmitted to the Clinical Training Director, keeping the original start date and noting the “extended to” date. If the student changes agencies (for any reason) a new 4-Way Agreement is required, within two weeks of starting the agency. Students do **NOT** need to re-submit a new 4-way agreement when they change supervisors, only a new Supervisor Responsibility Statement.
IX. PRACTICUM PLACEMENT PROCESS

Students must go through the following practicum placement process:

1. Students must have achieved “Classified Standing/Advancement to Practicum” before they are eligible to enroll in Beginning Practicum, COUN 530. [Note: Classified Standing/Advancement to Practicum is a departmental process, as specified by the BBS. It is not the same as the University’s Classified Standing, which refers to accepting one’s study plan.] Students are eligible to Advance to Practicum after they have completed 12 units with a “B” or better average; however, it is recommended that they wait until the semester before they take COUN 530 to apply to Advance to Practicum. A student begins the Advancement to Practicum process by scheduling an appointment with the designated faculty advisor during office hours. If the advisor agrees the student is ready to Advance to Practicum, they represent the student at a Counseling Department faculty meeting set aside for that purpose, usually held twice per semester. The full faculty votes on the student’s application for Classification/Advancement to Practicum. If the student’s application is accepted, he or she will receive a letter verifying their Classified Standing/ Advancement to Practicum. If the faculty feels that the student is not suited for placement in an agency for practicum at that time, the student will be asked to meet again with their faculty advisor, to receive feedback and form a plan for remediation of any issues identified. Upon completing this remediation, the student may re-apply for Advancement to Practicum. Classified standing/Advancement to Practicum must be achieved before COUN 530 begins, usually during the semester prior. Note: Do not wait to apply for a clinical training site until you are Classified/Advanced to Practicum. Instead, apply for Classification/Advancement to Practicum and proceed with interviews, etc.

2. Students must have successfully completed 500, 511, 518, 520, 522, 523, 524, 526 and 527 prior to enrollment in COUN 530. COUN 528 is a pre- or co-requisite for COUN 530. Note: COUN 526 must be completed with a grade of “B” or better. COUN 530 and 584 must be completed with a grade of “B-” or better. [As of Spring 2014, practicum class grades will be Credit/No Credit – details to follow in an update of this handbook.]

3. Students must attend Practicum Orientation the semester before they plan to enroll in COUN 530. The Clinical Training Handbook must be read prior to this orientation to facilitate questions. It is available on the web at: http://hhd.fullerton.edu/counsel/CurrentStudents/Handbooks/ClinicalHand book/default.htm

4. The Clinical Training Handbook is revised specifically for the Practicum Orientation and therefore contains any updated information on policy and
procedure changes, so please download about one month before the Practicum Orientation and do not rely on earlier versions.

5. When students are ready to enroll in COUN 530, they must complete the **530 Selection Form**. This form is distributed at the Practicum Orientation and can be submitted to the Fieldwork Coordinator - Counseling in EC 479 or her mailbox in EC 405.

**NOTE:** This form must be submitted by the end of October in the Fall to enroll in COUN 530 for the Spring Semester, and the end of March in the Spring to enroll in COUN 530 in the Fall Semester. Students will be assigned a practicum class registration number, and notified via email of that number before registration begins.

6. Students must secure an agency placement following the Clinical Training Site Selection Process (**see Section VI**). Placements must be secured no later than the first day of class in COUN 530.

**NOTE:** It is important to get an early start on this process as most sites will be interviewing a semester ahead to choose their trainees and interns, and many will want students to begin their training prior to the beginning of COUN 530 class. It is also important to apply at more than one agency, since the process can be highly competitive.

7. Once students have secured a site they must meet with the agency director and supervisor to have the following documents reviewed and signed:
   a. 4-Way Agreement
   b. Responsibility Statement for all supervisors, separate form for each.  
   [See Appendix B].

**NOTE:** Students must place the *original* Declaration Statement and 4-Way Agreement (bearing the signatures of all parties except the Clinical Training Director) in the Clinical Training Director’s box in EC 405 for the appropriate signature(s). After the Clinical Training Director signs the Declaration and 4-Way Agreement, those documents will be forwarded to the Fieldwork Coordinator - Counseling to be placed in the student’s practicum file. All other documents (Participation Consent Form [original], Transportation/Storage of Confidential Client Data Form [original], Supervisor Responsibility Statement and Proof of Student’s Malpractice Insurance [copies], can be submitted to the student’s practicum instructor on the first day of class. Failure to submit the aforementioned by the 2nd class session (Fall & Spring semesters) may prevent students from continuing to participate in counseling activities at their sites, until the documentation is accurately submitted.
X. CHECKLIST FOR CLINICAL TRAINING SITE PROCESS

1. Apply for Classification/Advancement to Practicum (prior to Practicum Orientation (SEPT/FEB).

2. Attend Practicum Orientation (OCT/MAR).

3. Submit your COUN 530/584/590/591 Selection Form (OCT/MAR).

4. Join ACA, CALPCC, and/or CAMFT (by end of NOV/APR).

5. Obtain your own Malpractice Insurance through ACA, CALPCC or CAMFT by beginning of DEC/AUG. Student Malpractice insurance coverage is automatically provided with your ACA or CAMFT membership – be sure to keep your membership active while in practicum so your insurance coverage is continuous.

6. If necessary, make appointment with the Fieldwork Coordinator - Counseling and/or Clinical Training Director (OCT/MAR).

7. View agency and supervisor evaluations for sites you may be considering (Located in EC-479).

8. Create resume (by end of OCT/MAR) [See Sample in Appendix B].

9. Contact (and make appointments with) several sites (beginning NOV/APR).

10. Go on interviews.

11. Have a site secured no later than the start of COUN 530.

12. Go to site to get the following documents signed before acquiring hours:
   a. 4-Way Agreement
   b. Supervisor Responsibility Statement(s).

13. Place original (signed and stapled, please!) 4-Way Agreement in the Clinical Training Director’s mailbox (EC 405) for signature(s) any time prior to the first week of school [NOTE: Originals of the Declaration, Participation Consent, and Transportation/Storage of Confidential Client Data Forms are usually completed during the Practicum Orientation.]

14. Submit copies of Proof of Coverage for Malpractice Insurance (Verification or Declaration page) and stapled copies of each Supervisor Responsibility Statement(s), to practicum instructor by 2nd class session.

15. Maintain all original BBS forms in a safe place for future reference.

16. Read and understand CAMFT and/or ACA ethical standards and the BBS regulations for MFT/CC trainees.
XI. EVALUATION PROCESS

Practicum Instructor Evaluation of Student
Faculty evaluates students both orally and in writing at the end of each semester of COUN 530, 584, 590, and 591 by using the form entitled Practicum Instructor Final Evaluation of Student [See Appendix B]. In addition, faculty conducts ongoing evaluations throughout the semester, both orally and in writing. During 530, this includes email contact with the student’s site supervisor [see e-Form in Appendix B] every other week.

Supervisor Evaluation of Student
Site supervisors evaluate students in mid-semester in COUN 530, 584, 590, and 591. Students must submit the Mid-Semester Evaluation by Supervisor form [See Appendix B] to their supervisor. The supervisor will evaluate the student, both orally and in writing, and the student then returns the form to the practicum instructor promptly.

Site supervisors will also provide an oral and written evaluation [See Supervisor Final Rating of Student in Appendix B] of students at the end of COUN 530, 584, 590, and 591.

A student who believes he or she has been evaluated unfairly or inaccurately by the faculty and/or supervisor should first attempt to discuss her or his concerns directly with the faculty and/or agency supervisor. If that process does not provide satisfactory resolution, the student should then discuss their concerns with the Clinical Training Director.

Student Evaluation of Agency
Students evaluate their clinical training site by using the form entitled Student Assessment of Site [See Appendix B] at the end of COUN 530, 584, 590, and 591. Students also evaluate their supervisor by using a form entitled Student Evaluation of Supervisor [See Appendix B].
These evaluations are taken seriously and are put on file for future use; therefore, students are encouraged to give open and honest feedback. The Clinical Training Director will follow up on the information supplied on the evaluations, as appropriate.

XII. PROFESSIONAL, ETHICAL, & LEGAL CONDUCT

Students are responsible for behaving in a professional, ethical, and legal manner in their practicum classes and sites. To fulfill this requirement, students are expected to be familiar with the professional guidelines established in the field, as well as the ethical and legal guidelines as set forth by the BBS, CAMFT and the ACA.

Students may not engage in any unprofessional, unethical, or illegal practices at their placements even if such practices are condoned, expected, or encouraged by site supervisors and/or staff. Students must promptly notify their supervisors of any such practices that they observe at the site by staff or other trainees. The Practicum Instructor and the Clinical Training Director must also be notified immediately regarding these issues. In cases where the supervisor is suspected of unprofessional, unethical, or illegal practices, the student must directly notify the Clinical Training Director immediately.
Students who feel they would be in jeopardy or punished for reporting unprofessional, unethical, or illegal behavior to the site itself, must report these concerns to the Clinical Training Director immediately.

Students who engage in unprofessional, unethical, and/or illegal conduct may be removed from their practicum site, and in some cases, placed on departmental probation or dismissed from the Counseling Program (see Section XIII).

In addition, students are expected to maintain a professional and responsible demeanor at their training sites, including appropriate dress, good grooming, and courtesy. Students are expected to arrive on time for scheduled counseling appointments and other duties at their sites (e.g., staff meetings or trainings).

**Characteristics of a Counselor**
According to Schneider-Corey and Corey (2010) and Kottler, (2010) there are certain qualities, traits, attitudes, values, and convictions that are critical for counselors to possess:
- Sensitivity
- Personal presence
- Compassion and empathy
- Flexibility
- Integrity
- Ability to model functional human behavior and coping processes
- Insight
- Growth orientation for self and others
- Responsibility

**NOTE:** Professionalism, personal growth, and the development of these qualities must be demonstrated, both in the classroom and out in the field, for a successful practicum experience year.

**XIII. UNACCEPTABLE AND/OR UNPROFESSIONAL BEHAVIORS AND THEIR CONSEQUENCES**

While the range of unacceptable and/or unprofessional behaviors is practically limitless, certain behaviors are worth specifying as automatically problematic, unacceptable and unprofessional in class and in the field:
- Violence or harm to self, others or property;
- Aggressive, threatening or harassing behaviors;
- Unwanted and/or inappropriate sexual or personal touching of clients, fellow students, faculty or any other human being;
- Excessive performance anxiety;
- Discomfort with clients’ diverse lifestyles and ethnic backgrounds;
- Inappropriate response to feedback;
- Poor interpersonal skills in placement;
• Poor attendance;
• Excessive tardiness;
• Inappropriate attire;
• Lack of preparation;
• Lack of appreciation of clinical training site norms;
• Inability or unwillingness to acquire and integrate professional standards into one’s repertoire of professional behavior;
• Inability to acquire professional skills and reach an accepted level of competency;
• Inability to control personal stress, psychological dysfunction, or emotional reactions that may affect professional functioning;
• Disruptions of classes, activities, events, or other appropriate and sponsored functions at California State University, Fullerton, and/or sites off-campus;
• Inappropriate, illegal or dysfunctional use of drugs and alcohol that leads to either personal or professional impairment or are present and contribute to disruption in academic or professional settings;
• Continual failures to meet academic, scholastic, professional, or personal commitments when such failures suggest an essentially unprofessional approach to the field of counseling;
• Continued demonstration of either inappropriate behaviors and/or the absence of the attributes, which generally lead to the development of a quality counselor (see Section XII).

These unacceptable/unprofessional behaviors may fall into one of three categories: inappropriate behaviors, lack of competence, and student impairment, defined below.

**Inappropriate Behaviors**
Students that demonstrate behaviors, attitudes, or characteristics in the class and/or in the field where remediation becomes necessary fit into this category. These behaviors may not be considered excessive or unusual for Master’s level students in counseling programs. Therefore, inappropriate behavior may be successfully corrected through feedback from faculty and/or supervisors.

**Lack of Competence**
Students that continually fail to demonstrate acceptable knowledge, skill, and practice as it relates to counseling fit into this category. Attempts to provide services beyond the student’s scope of practice may also be a lack of competence issue.

**Student Impairment**
Students occasionally have difficulties beyond those expected for those in a Master’s program. When these difficulties are reported by a faculty member and/or supervisor, he or she is requested to clearly define the behaviors of concern. Students who are the subject of these concerns are asked to speak with their practicum instructor, Clinical Training Director and/or Department Chair, depending on the severity of the problem.
Consequences
The range of responses open to the faculty when confronted with a student who, in the faculty’s opinion, lacks appropriateness at a given time for the field of counseling is qualified by legal, university, professional, and ethical standards. That range, however, does include, but is not limited to, the possibilities of (a) advice and counsel leading to a recommendation that the student seek therapy, medical intervention, or remediation in academic skills training, as needed; (b) advice and counsel leading to a recommendation that a student leave the counseling program and/or seek another profession; (c) probation for academic deficiency or a lack of personal/professional fitness; (d) a decision not to advance a student to Practicum/Classified Status and/or to candidacy; or (e) a decision to revoke a student’s Advancement to Practicum/Classified Status within the Counseling program.

The appeals process for students is outlined in the CSUF Student Handbook, UP 300.030.

XIV. PERSONAL PSYCHOTHERAPY

While not required, students who are undergoing training as a counselor can greatly benefit from experiencing their own personal psychotherapy. Personal psychotherapy can be individual, group, marital, conjoint, or family. In order for personal psychotherapy to count toward LMFT licensure, the therapist must be licensed in the State of California as a LMFT, LPCC, LCSW, Psychologist, or Physician who is certified in psychiatry. [Note: LPCCs may not count their own psychotherapy in their licensure hours.]

NOTE: Personal psychotherapy hours of experience for LMFT trainees are counted at 1=3 up to a maximum of 100=300 hours [See Section II].

XV. MALPRACTICE INSURANCE

Students are required to purchase their own individual professional malpractice insurance coverage while in their practicum placements. The program recommends that students join ACA (www.counseling.org) or CAMFT (www.camft.org) where student malpractice insurance is an automatic benefit of membership, or CALPCC (www.calpcc.org) and purchase the separate malpractice/liability insurance. Students who do not submit proof of insurance will not be eligible to provide counseling services, and therefore will not be eligible to count practicum hours for the BBS. Note: While many clinical training sites offer “umbrella” coverage to all their staff (including trainees), such group coverage alone is not sufficient.

XVI. SEXUAL HARASSMENT

Students are advised that sexual harassment is a violation of federal law and may violate the civil and criminal laws of the State of California. The following behavior may constitute sexual harassment: Lewd remarks, whistles, or personal reference to one’s anatomy, unwanted physical contact such as patting, pinching, or constant brushing against a person’s body; subtle or overt pressure for sexual favors, persistent and offensive sexual jokes and
comments. Students should refer to the CSUF catalog for guidelines in handling alleged sexual harassment, in addition to bringing such behavior to the attention of the faculty in the Department of Counseling.

XVII. DUAL ROLE RELATIONSHIPS

Students must avoid dual role relationships, as engaging in such relationships is considered ethical misconduct and may affect a student’s status in the program.

Students may not be supervised by the following:
1. Student’s current or past psychotherapist.
2. Anyone with whom they have, or have had in the past, a business relationship outside the site.
3. Anyone with whom they have, or have had in the past, a sexual relationship or an emotional relationship.
4. A relative.

Students may not provide counseling/clinical services to the following:
1. Anyone with whom they have, or have had in the past, a business relationship outside the site.
2. Anyone with whom they have, or have had in the past, a sexual relationship or an emotional relationship.
3. A relative.

Web site: www.blindkids.org

**Student Requirements**
- 8 hours per week for 1 school year.

**Operating Hours**
- 8:00 a.m. – 5:30p.m.; 5:30 – 9p.m. (Parenting Classes and Support Groups)

**Agency Description**
- Private non-profit organization providing full-range of programs and services to assist blind, visually impaired, and blind/deaf children from birth through high school. Services available for parents and siblings, and family members.

**Theoretical Orientation**
- **Satir; Humanistic (i.e., Rogerian, Axline & Object Relation for play therapy); Family Systems (i.e., IFS) and some Cognitive Behavioral.**
  
  Our theoretical orientation is Eclectic/Humanistic as according to recent research traditional psychotherapy approaches are not always appropriate when treating families of children with disabilities. Such families, usually, do not suffer from any “pathology.” They are experiencing symptoms of grief, as they are “grieving” their attachment dream of having the “perfect child.”

  Our counselors help the development of “healthy personalities/SELF” and promote high Self Esteem for children and teens with visual impairments and their families- via Play and Talk therapies. They also assist parents and teachers using Cognitive Behavior (Love & Logic) and attachment models (i.e. Object Relationship and ENUF by Ken Moses.)

**Possible Stipend**
- N/A at this time

Revised 09/15
### Student Requirements
5 hours per week of supervision: Two 2-hours group supervisions (Mondays and Wednesdays 4pm-6pm) and 1 hour of individual supervision. Regular in-services and training. Must be able to pass California background investigation. Twelve months obligation: Students can start anytime. 20 hours required per week with two evenings till 9 p.m. as part of the total overall program.

### Operating Hours
Graduate Student Trainees can work anytime from: 9 am – 9pm, Monday – Friday

### Agency Description
Crisis intervention youth shelter and counseling agency. Trainees provide crisis intervention, individual, family and group and after care counseling and educational classes.

### Theoretical Orientation
Structural, Solution Focused, Family Systems

### Possible Stipend
Yes - $1,000 per year

Clinical Supervisor III: Linda Helsper, LCSW
Address: 21250 Box Springs Rd., Moreno Valley CA 92557-8712
Phone: (951) 369-8036
Fax: (951) 686-7267
Website: www.fsaca.org
Email: rdusenberry@fsaca.org

Student Requirements
One-hour individual supervision required. Two-hour Group supervision. 10-15 hours schedule usually in the main Riverside site and one satellite site. Clients are scheduled around trainee’s school schedule. Monthly Friday, 10-12 staff meeting, and Quarterly Friday 8:00 am – 12:00 pm training/staff meeting (if this conflicts with employment, discuss with supervisor).

Operating Hours
Monday – Thursday 8:00 am – 9:00pm, Friday 8:00am – 12:00 pm.

Agency Description
Non-profit agency, multiple sites throughout Riverside and San Bernardino Counties. Community based mental health service delivery to various populations. We provide services to children, adolescents, adults, older adults, couples and families. We attempt to address varying languages and culture’s needs. Staff represent a wide variety of culture and language backgrounds.

Theoretical Orientation
Solution focused psychotherapy, CBT, Family Systems, Evidenced Based Treatments, and case management. The needs of our clients are our first priority.

Possible Stipend
None

Revised 10/14
Student Requirements
A minimum of 8 hours per week of client contact. 1 hour of individual and 2 hours of group supervision are provided, usually on Wednesday or Friday. Supervision times to be set with supervisor. Trainees will work at school sites as assigned based on needs within the district or at specific school sites.

Operating Hours
Monday – Friday 8:00 am – 4:00 pm

Agency Description
Fullerton School District provides education to children, ages 3 to 14, and grades, preschool to eighth grade. Trainees would have the opportunity to counsel children kindergarten age to junior high age. Children would be from both general education and special education populations. Trainees may do individual or group counseling. Trainees will have opportunities to work with the parents and teachers, in addition to the students, teaching more effective discipline and building positive relationships in school and home. The children come from all backgrounds, having a variety of needs. Trainees will have training opportunities. Counseling tends to be short term, goal focused, and related to improved academic performance and social interaction.

Theoretical Orientation
Cognitive-Behavioral, Brief Therapy, Solution Focused, and Crisis Intervention

Operating Hours
Monday – Thursday 8:00a.m. – 8:00p.m.
Friday 8:00am – 4:00p.m.

Agency Description
The Gary Center is a non-profit community agency that provides individual, couple and family counseling. The population is mixed in ethnicity, socio economic level, age and gender and presents with a multitude of issues (crisis, sexual/physical abuse, domestic violence, drug and alcohol, gang issues, teen parenting, depression, anxiety, ADHD and family issues.)
The agency also provides group experience in the following: Batter’s Treatment Program (52 week mandated course) – [student must have completed 40 hour training to sit in group for batters], Child Abuser’s Treatment Program, Drug and Alcohol Treatment for adults and adolescents, Anger Management for Adolescents, Parenting and Legal Awareness for adolescents.
The agency provides counseling to various elementary, middle and high schools as well as group and individual counseling at alternative school sites.

Theoretical Orientation
All clients are looking for tangible results. CBT, structural or Solution Focused treatment is preferred.

Possible Stipend
None

Revised 09/15
Must be available for Group Supervision each Thursday 9am-11am and training once a month Thursday 11am-1pm. Students conduct groups and provide individual, family, and/or couples counseling. Individual supervision as scheduled with clinical supervisor. Scheduled time may consist of an average of 18-25 hrs/weekly. Additionally students will prepare psychosocial assessments and assist in development of treatment plans.

Students will be required to pass live scan, have an annual TB test, and attend training on sight as needed. Must have a CA ID or driver’s license. Within 6 months of start date students must apply for registration with an approved certifying drug and alcohol training program. Cost is usually $20.00 annually.

Facility is open & operates 24/7/365

Residential Treatment Program that specializes in treatment for intravenous drug users, who may or may not be on methadone. Also treats individuals diagnosed with HIV who have a substance abuse history. Many residents are court ordered and are released directly to the program from jail or prison. Agency facility is state licensed to provide care and 24-hour professionally supervised housing, drug treatment, psychological counseling, and other related needs. Residents undergo 3 months of program to prepare them for re-entry into the community. Through the use of bio-psycho-social recovery model, residents are taught drug-free coping skills and relapse trigger identification through a series of daily therapy groups.

Phone: (562) 218-2355 ext. 13
Fax: (562) 591-8171
E-mail: victoria.scott@usw.salvationarmy.org

Student Requirements
Trainee will be expected to provide individual and group counseling for program beneficiaries. This includes one-hour individual supervision and one two-hour group supervision. A minimum of 5 or more hours per week are required. Staff meetings held on Mondays.

Operating Hours
7:30am – 9:00pm – M-F

Agency Description
The Salvation Army Rehabilitation Centers (ARC’s) are residential facilities whose purpose is to assist individuals with identified chemical dependency and alcohol abuse and other dysfunctional problems. The ARC’s provides housing, meals, clothing, counseling and various other rehabilitation services free of cost to program participants. It is the desire of The Salvation Army’s ARC’s to provide program participants with the opportunity to stabilize their lives, regain a sense of confidence and self-respect, develop a responsible work ethic and awaken a sense of spirituality which can create a sense of hope, purpose and meaning within their lives.

Theoretical Orientation
Addiction, Cross-Cultural, Dual Diagnosis, General, Domestic Violence, Affective Disorders, Crisis Intervention, Men’s Issues, Grief, and Anxiety, Phobia, Panic.

Possible Stipend
No

Website: www.westernyouthservices.org

Student Requirements
Twenty hours per week of availability is preferred, over 3 days. Group supervision is held weekly on Tuesdays 8:30am-10:30am and Wednesdays 1:00pm-3:00pm; Individual supervision is arranged directly with your supervisor. Staff meetings are held Thursdays 12pm-1pm. Bilingual skills are a plus.

Operating Hours
Monday - Thursday, 8:00a.m. – 8:00p.m
Friday, 8:00a.m. - 5:00p.m

Agency Description
We are a youth MediCal clinic serving children ages 2-21 with a full range of DSM diagnoses. We use evidence-based practices such as PCIT, FFT, TF-CBT and the Incredible Years parenting group. Opportunities to do individual, family, parent (as indicated), group counseling, and learning evidence-based modalities are available, as well as learning MediCal paperwork requirements. Some elementary school-based counseling is also offered. Collaboration with our multidisciplinary staff is encouraged, which includes: MFTs, LCSWs, Psy.D.s, MDs, TBS coaches, staff in the licensure process, and trainees from various counseling programs. APA Accredited internship site.

Theoretical Orientation
No orientation is mandated, though much of our work is best described through CBT language that is measurable and observable. Various orientations and evidence-based practices are utilized.

Possible Stipend
No stipend, however mileage and parking fees are reimbursed for treatment and other work-related travel.

DECLARATION

I, __________________________, hereby certify that I have read and understand the rules, guidelines, and procedures relative to the practicum experience as set forth by the Department of Counseling at California State University, Fullerton.

I hereby agree to abide by the aforementioned rules, guidelines, and procedures, and I understand that failure to do so could result in disciplinary actions taken against me as set forth in this Handbook and the policies of the Department of Counseling in the College of Health and Human Development at California State University, Fullerton.

I understand that any requests to make any exceptions to the rules, guidelines, and procedures of this Handbook must be made in writing, and that all such requests must be reviewed and approved by the Counseling Faculty.

I further understand that this Declaration will be contained in my clinical training file, in the Clinical Training office.

Revised 02/09
CALIFORNIA STATE UNIVERSITY, FULLERTON
DEPARTMENT OF COUNSELING

Consent Form For Participation in Counseling Practicum

PLEASE READ CAREFULLY

1. I agree to act in a responsible manner while at the Activity Site and abide by all rules and regulations governing the Activity Site.

2. I understand and acknowledge that participation in this Activity creates risks, some of which include: potentially working in a high-crime area, working at night, working in an unsupervised area, depending on the Practicum Agency’s requirements.

3. I am voluntarily participating in this Activity. I understand and acknowledge that I am free to take back my consent and stop taking part at any time.

4. I am in good health and able to participate in this Activity. I voluntarily assume the risk of possible injury, death or property damage my participation in this Activity may cause. If I need emergency medical treatment, I agree to be financially responsible for any costs incurred as a result of such treatment. I understand and acknowledge that Cal State Fullerton does not provide health or accident insurance for students. I have been advised to carry medical and hospital insurance of my own.

5. In consideration of my participation in this Activity and the benefits I will receive from my participation, on behalf of myself, my heirs and assigns, I release and hold harmless the State of California, the California State University Trustees, Cal State Fullerton, and their officers, agents, volunteers and employees from liability and responsibility for any claims against any of them by reason of any injury to person or property, or death, in connection with my participation in this Activity.

6. I have carefully read, and I understand, the terms used in this Consent Form and their significance. I am fully competent to sign this Consent Form. No oral representations or inducements have been made to me to sign this Consent Form.

Print Name: _________________________________

Participant’s Signature: _____________________ Date: _____________________

Revised 02/09
Transportation/Storage of Confidential Client Data

PLEASE READ CAREFULLY

In recognition of my professional, ethical and legal duty to safeguard the confidentiality of my clients’ records, I agree to store and/or transport client data only in locked or encrypted containers. This includes (but is not limited to) transporting video files to practicum class for presentation purposes. To this end, I will demonstrate to my agency supervisor(s) and practicum instructor(s) that I am in compliance with this professional responsibility by showing them the means I have chosen for client data storage and transportation. I further agree to destroy any confidential client materials in a secure manner (e.g., shredding DVDs) as soon as possible after their use for practicum, unless those records belong to and reside in the community agency.

It is my responsibility to assure that anything identifying my clients (names on paperwork, faces or voices on video or audio recordings) is kept under lock and key or encryption protocols at all times, to ensure client privacy is maintained. This means, in part, that I will not use clients’ full names on any paperwork I transport outside the community agency, and that I will not email client records or videos to myself or others, as the confidentiality of email cannot be assured.

I understand and agree that failure to ensure client confidentiality in the above ways would constitute a breach of professional conduct and could therefore be subject to disciplinary action by the Department of Counseling (see Clinical Training Handbook for further information).

Print Name: ________________________________

Student’s Signature: __________________________ Date: __________________________

Clinical Training Director: __________________________ Date: __________________________
Please attach a photograph of yourself (passport size) at the time you submit this to the Counseling Department, Clinical Training Director.

This document must be completed and on file in the Clinical Training Director’s (CTD) office before the Trainee’s hours may count towards MFT licensure! California State University, Fullerton (CSUF) Department of Counseling has no authority to approve hours. CSUF is only responsible for coordinating students’ clinical experience and approving students to go into sites. Thus, we do our best to find sites whose clientele and methods of practice fall within the scope of the LMFT and LPCC license. Under penalty of perjury, supervisors attest that they are legally suitable to supervise MFT Trainees, and that they will insure that their Trainees practice within the law. We approve students’ choices of sites and supervisors based upon the information provided to us by the site supervisor. CSUF assumes no responsibility for the loss of hours caused by misstatements, incorrect information and/or negligence on the part of a supervisor and/or agency director. Approval of hours is, and always has been, the purview of the Board of Behavioral Sciences (BBS). NOTE: Trainee hours, while required for graduation, do not count toward LPCC licensure as they are earned pre-degree.

California State University, Fullerton
Clinical Mental Health Counseling with a Specialty in Marriage and Family Therapy

Agreement between the QUALIFYING DEGREE PROGRAM, CLINICAL TRAINING DIRECTOR, SITE SUPERVISOR, AND MFT TRAINEE/CLINICAL COUNSELOR (CC) TRAINEE

“4-Way Agreement”

Trainee Name: ____________________________ Date: ____________________________

Street, City & Zip Code: ______________________________________________________

E-mail Address: _____________________________________________________________

Phone (day): ____________________________ Phone (evening): ______________________

Agency Name: ____________________________

Street Address: ____________________________ Phone: ____________________________

City: ____________________________ Zip: ____________________________

Agency E-mail Address: ____________________________
MFT LAW: The California legislature would like the educators and supervisors of LMFT and LPCC students to work cooperatively in training their student/trainees. Therefore, all hours of experience gained as a trainee shall be coordinated between the school and the site where the hours are being accrued. The school shall approve each site and shall have a written agreement with each site that details each party's responsibilities, including the methods by which supervision shall be provided. The agreement shall provide for regular process reports and evaluations of the student's performance at the site. “Process reports” refers to the monitoring of the student, as she or he learns to become an effective psychotherapist/counselor.

Instructions to the Student: First, read and sign this document. Second, take it to the director of your practicum site and to your clinical supervisor(s) to read and sign. Finally, take it to the CSUF Clinical Training Director (CTD). After the CTD has signed your agreement, the original will be placed in your file. If you would like a signed copy or copies of the original, please make an appointment with the Fieldwork Coordinator – Counseling (FCC) to arrange to pick up your original so you can make copies. Note: The completed "4-Way Agreement" must be turned in before supervised clinical hours are begun, in order to count for practicum experience hours.

Clinical Training Director  Office  Phone#  Mailbox Location
Mary M. Read, Ph.D.  EC-484  (657) 278-2167  EC-405

Fieldwork Coordinator - Counseling
Nicole Folmer, M.S.  EC-479C  (657)278-7454  EC-405

Please note: You are responsible for retaining the original of this and all documents described within this agreement, should the BBS request them. CSUF cannot be responsible for providing you with additional copies. The “4-Way Agreement” is proof to the BBS that CSUF and you have complied with state law. You must notify your CTD upon early termination at your agency should that circumstance arise. You are required to have evaluations and Experience Verification forms completed and turned into the CTD for placement in your file.

SECTION I RESPONSIBILITIES OF THE PARTIES (Students are responsible for reading all sections of this agreement.)

CSUF, Department of Counseling, the QUALIFYING DEGREE PROGRAM:

a. Shall approve the placement of each trainee at the supervised practicum setting;
b. Shall have this written agreement with the supervised practicum setting, supervisor and trainee that details each party's responsibility, including the methods by which supervision will be provided;
c. Shall provide forms for regular evaluations of the student's performance at each supervised practicum setting;
d. Shall coordinate the terms of this agreement with each of the named parties;
e. Shall evaluate the appropriateness of the supervised practicum experience for each trainee in terms of the educational objectives, clinical appropriateness and scope of the license of a Professional Clinical Counselor (LPCC) or a Marriage and Family Therapist (LMFT) as set forth in the California Business and Professions Code;
f. Shall require that each student gaining clinical hours in a supervised practicum setting procure their own individual professional malpractice liability insurance coverage;
g. Shall have a designated liaison to the practicum setting and clinical supervisors called the Clinical Training Director, who shall assume major responsibility for the coordination of this arrangement between students and clinical training sites in the Counseling Department’s catchment area.

_____ Initials of the Clinical Training Director, CSUF, Department of Counseling

THE SUPERVISED PRACTICUM SITE/AGENCY DIRECTOR

a. Shall provide the trainee and the supervisor with the documentation necessary to verify to the Board of Behavioral Sciences (BBS) that the placement is one that is named in law as appropriate for an MFT Trainee or Clinical Counselor Trainee and that the trainee is employed in the manner required by law. Such documentation, specified by the LMFT Experience Verification Form and by the BBS regulations for CC trainees may include but is not limited to the agency's 501c3, 1250, 1250.2 or 1250.3. A copy of this documentation is kept on file in the CTD office;

b. Shall evaluate the qualifications and credentials of any employee who provides supervision to MFT or Clinical Counselor trainees;

c. Shall provide adequate resources to the trainee and the supervisor in order that they may provide clinically appropriate services to clients;

d. Shall orient the trainee to the policies and practices of the agency;

e. Shall notify the qualifying degree program in a timely manner of any difficulties in the work performance of the trainee;

f. Shall provide the trainee and the supervisor with an emergency response plan which assures the personal safety and security of trainee, supervisor and trainee's clients in the event of a fire, earthquake or other disaster;

g. Shall provide the trainee with experience within the scope of practice of a Professional Clinical Counselor or Marriage and Family Therapist;

Note: The minimum requirement is 280 hours of direct client contact (DCC) per practicum year, related to the following guidelines:

1. An average of seven (7) direct client contact hours per week;

2. One (1) hour of individual supervision per five (5) hours of client contact and two (2) hours of group supervision, with no more than 8 trainees or one (1) hour of individual supervision for client contact hours that exceed five (5) hours but do not exceed ten (10) client contact hours. If client contact hours exceed ten (10) hours per week, student will be provided appropriate supervision as stipulated by BBS regulations;

3. Additional activities may include: additional group supervision, staff meetings, case conferences, case management, seminars, and documentation (note writing);

h. Shall be familiar with the laws and regulations that govern the practice of licensed Professional Clinical Counselors or licensed Marriage and Family Therapists in the State of California, and in particular, those that directly affect the MFT or CC trainee;

i. Shall provide the qualifying degree program with a photocopy of the current license of each supervisor who will be supervising the degree program’s trainees;
j. Shall provide the qualifying degree program with whatever documents are necessary to assure that the trainee's performance of duties conforms to BBS laws and regulations;

k. Shall notify the qualifying degree program and the trainee of change of address, phone, ownership, or any other status that may affect the ability of the trainee to count hours gained at the practicum setting;

l. Permit in-vivo supervision by the practicum supervisor, as needed;

m. Provide access for the trainee to video record current clinical cases for practicum class review.

_____ Initials of the Representative of the Practicum Site

THE SUPERVISOR

a. Shall sign and abide by the "Responsibility Statement for Supervisors of the MFT License" as described in the California Code of Regulations (CCR); The supervisor is responsible to the BBS for the trainee’s legal practice as a trainee. [NOTE: There is no equivalent form for LPCC supervision, being pre-degree.];

b. Shall be responsible for assuring that all clinical experience gained by the trainee is within the parameters of marriage and family therapy;

c. Will have been licensed for at least two years in California as a marriage and family therapist, professional clinical counselor, clinical social worker, psychologist or physician who is certified in psychiatry by the American Board of Psychiatry and Neurology;

d. Will have completed and remained current with the appropriate “supervisor” continuing education requirements required by the BBS;

e. Shall review and sign the "Weekly Summary of Hours of Experience" log on a weekly basis;

f. Shall complete the "LMFT Experience Verification Form" upon termination of trainee’s supervision, the totals of which should match the totals of the collected Weekly Summary of Hours of Experience;

g. Shall describe in writing on Section II of this document the methods by which supervision will be provided;

h. Shall provide regular process reports and evaluation of the student's performance at the site to the qualifying degree program at the middle and end of each semester (approximately twice per 15 weeks);

i. Shall provide the trainee with one (1) hour of individual for five (5) hours of client contact provided by the trainee and one (1) hour of individual or two (2) hours of group supervision for client contact hours that exceed the five (5) hours but do not exceed ten (10) hours. If client contact hours provided by student exceed ten (10) hours, then supervision will be provided as stipulated by BBS regulations. This may be averaged over a period of 14 weeks;

**IMPORTANT:** Although client contact hours may be averaged across each semester, supervision may not. In other words, trainees must have either one hour of individual or two hours of group each week that they see clients. No hours of any kind will count if supervision has not occurred during the week they were claimed. The Department of Counseling at CSUF requires that both individual and group supervision be provided every week of the 15-week semester, even when this exceeds the BBS requirement.
j. Shall abide by the ethical standards promulgated by the professional association to which the supervisor belongs (e.g., AAMFT, CALPCC, CAMFT, ACA, NASW, APA, AMA etc.);

k. Shall provide the agency with a current copy of his or her current license and resume and notify the qualifying degree program and the trainee immediately of any action that may affect his or her license;

l. Shall be familiar with the laws and regulations that govern the practice of Professional Clinical Counselor or Marriage and Family Therapy in the State of California, and in particular, those that directly affect the MFT or CC trainee;

m. Shall provide the trainee with a policy and procedure for crisis intervention and other client/clinical emergencies, in particular those that are mandated by law (e.g., child abuse, danger to self, others, etc.);

n. Shall, if providing supervision on a voluntary basis attach the original written agreement between you (the supervisor), and the trainee's employer as required by the BBS;

o. Shall complete all the required trainee evaluation forms (due at mid-semester and finals week) by their prescribed time.

_____ Initials of Clinical Site Supervisor

THE TRAINEE

a. Shall have each supervisor complete and sign the "Responsibility Statement for Supervisors of the LMFT License" before gaining supervised experience. Trainees are to retain this original, signed document in order to send this form to the BBS when required. All trainees, however, must file a copy of this form with the CSUF Clinical Training Director. The trainee must verify that the supervisors’ license is current (see note);

Note: A supervisor’s license can be verified by contacting the BBS by telephone or via the Internet. The BBS website address is http://www.bbs.ca.gov. Click on “verify license” for LPCCs, LMFTs, or LCSWs and check that the supervisor’s license is current. For a Licensed Psychologist, contact the Board of Psychology via phone or the Internet at http://www/dca.ca.gov/psych.

b. Shall maintain a weekly log of all hours of experience gained toward licensure;

c. Shall be responsible for learning those policies of the supervised practicum setting which govern the conduct of regular employees and trainees, and for complying with such policies;

d. Shall be responsible for participating in the periodic evaluation of his or her supervised practicum experience and delivering it to the qualifying degree program;

e. Shall be responsible for notifying the qualifying degree program in a timely manner of any professional or personal difficulties which may affect the performance of his or her professional duties and responsibilities;

f. Shall abide by the ethical standards of the Board of Behavioral Sciences and the professional association of which the student is a member (e.g., AAMFT, CALPCC, ACA, CAMFT) and the CSUF Department of Counseling ethical/legal guidelines (see the Clinical Training Handbook).
g. Shall have completed all prerequisite courses for COUN 530 Beginning Practicum, before providing supervised psychotherapeutic services to clients. If the student has not completed all prerequisite courses, he or she shall obtain written permission from the Clinical Training Director and the Site Supervisor acknowledging this fact. This letter must be filed with the Clinical Training Director;

h. Shall be aware that the qualifying degree program requires that she or he obtain individual professional liability insurance coverage while working in a clinical placement. Student rate malpractice coverage can be obtained through professional associations (e.g., ACA, CAMFT);

i. Shall gain a total number of 280 direct client contact (DCC) hours as required for nine units of practicum. These hours have been supervised during the week they were gained and supervision must average to a 5:1 ratio over the practicum year;

j. Shall be aware that **practicum is a COURSE**, and to receive a passing grade for this course, the following criteria must be met:

1. the student must attend the practicum classes and gain hours at an approved clinical placement *concurrently*; that is, at the same time;
2. the student must have earned the required number of hours (item i above);
3. the supervisor’s evaluations and process reports must be favorable;
4. the practicum instructor’s evaluation must be favorable;
5. no other data exists that questions the student’s suitability for the psychotherapy/counseling profession and for the license of marriage and family therapist.

_____ Initials of the Trainee

**SECTION II  METHODS OF SUPERVISION**

The supervisor shall monitor the quality of counseling or psychotherapy performed by the trainee by direct observation, audio or video recording, review of progress and process notes or records or by any other means deemed appropriate by the supervisor, and furthermore that the supervisor shall inform the trainee prior to the commencement of supervision of the methods by which the supervisor will monitor the quality of counseling or psychotherapy being performed.

**Instructions to Supervisor:** Section II of this agreement will serve to inform the trainee about the methods you will use to monitor the quality of his or her performance with clients. (Note: Supervision *must* include direct observation or audio or video recording).

Check all that apply:

_____ Direct Observation
_____ Audio Tape
_____ Video Recording
_____ Evaluate Trainee’s Process and Progress Notes

_____ Student Verbal Report
_____ Role Play
_____ Other (Describe)__________________
SECTION III  ADDITIONS

a. TERMINATION

The expectation of all parties is that this agreement will be honored mutually. Termination of this agreement with cause shall be in accordance with the academic policies of the qualifying degree program or the employment or volunteer policies of the supervised practicum setting. Any party may terminate this agreement without cause by giving all other parties 30 days’ notice of the intention to terminate. Termination of the trainee’s or supervisor’s employment under terms of this agreement must take into account the clinical necessity of an appropriate termination or transfer of psychotherapeutic clients. In any case, it is assumed that if there is an early termination of this agreement on the part of the trainee, the supervised fieldwork setting or the supervisor, such a decision must include prior consultation with the qualifying degree program.

b. CHANGES IN THE AGREEMENT

This agreement must be amended in writing and signed by each party.

c. INDEMNIFICATION

The qualifying degree program requires that each student trainee procure individual professional liability malpractice insurance coverage before working with clients in a supervised practicum setting. The supervised practicum setting assumes all risk and liability for the student’s performance of services while at the supervised practicum setting.

SECTION IV  ADDITIONAL TERMS AND COMMENTS

(This space is to be used for additional notes on the student’s clinical training experience.)

SECTION V  TERM OF THE AGREEMENT

Note to Agency: Please review with the trainee their time commitment to your agency. Fill in the dates below, using the date you and the trainee entered into this agreement and the approximate date you expect the trainee to leave. Important: Agency Director, please initial agreement next to commitment dates.

Counseling 530: Beginning Practicum

Practicum Presentations Evaluation Rubric

The following scale will be used in providing feedback on your presentations:

1  unacceptable performance
2  needs improvement in performance
3  appropriate performance (expected level)
4  good demonstrated performance
5  outstanding clinical performance
N/A  not applicable or insufficient evidence to make a rating

Note that all skills demonstrated must reach the level of 3 (expected level) or higher by the end of the semester. Also, not all clinical skills are required for each presentation as students may not have a chance to demonstrate all skills—these are just possibilities—do not feel that you need to show all of these skills in your presentation.

**Student**
Counseling 584, 590 & 591: Advanced Practicum
Practicum Instructor Final Evaluation of Student

Course:  584 ☐  590 ☐  591 ☐  Semester:  Spring ☐  Fall ☐  Sum ☐

The following scale will be used in providing feedback for this semester:

1  unacceptable performance
2  needs improvement in performance
3  appropriate performance (expected level)
4  good demonstrated performance
5  outstanding clinical performance
N/A  not applicable or insufficient evidence to make a rating

Note that all skills demonstrated must reach the level of 3 (expected level) or higher by the end of the semester in order to receive credit in the course. Skills not demonstrated during the semester will be discussed during the in-person meeting between instructor and student.

**CALIFORNIA STATE UNIVERSITY FULLERTON**  
Site Supervisor Final Evaluation of MFT/LPCC Trainee

Student Name: ___________________________  
CWID: ___________________________

Evaluation Period:  
☐ Fall 20__  
☐ Spring 20__  
☐ Summer 20__

Class:  
530_____  
584_____  
590_____  
591_____

Agency Name: ___________________________  
City: ___________________________

Clinical Supervisor’s Name: ___________________________  
Phone: ___________________________

**How Competency was Assessed:** Check all that apply.

A. ☐ Direct Observation  
B. ☐ Video  
C. ☐ Audio  
D. ☐ Supervisory Discussion  
E. ☐ Review of Written Reports  
F. ☐ Feedback from others  
G. ☐ Other (specify): ___________________________

**Competency Expectations:**

Fall: Student is expected to receive a rank of 3 or higher for each competency and an overall rank of 3 or higher.

Spring: Student is expected to receive a rank of 3 or higher for each competency and an overall rank of 3 or higher.

Summer: Student is expected to receive a rank of 3 or higher for each competency and an overall rank of 3 or higher.

4: Meets standard, appropriate to current level of training and experience  
5: Meets standard, exceeds in some competencies  
6: Exceeds performance standard in most competencies

**Performance Levels:**

*Check all boxes that apply within each Competency area and rank student 1 thru 6 based on where the majority of the boxes are checked for that competency.*

1: Fails to meet standard, needs improvement  
2: Meets minimum standard, needs improvement  
3: Meets minimum standard, would benefit from further training

Comments required if student ranks 1 or 2:

---

**COMPETENCY 2: Crisis Management**

☐ Is inadequate in identifying indicators of abuse, danger to self, or danger to others. ☐ Sometimes disputes supervisor’s identifications of such indicators. ☐ Inadequate in issues dealing with trauma. ☐ Completely relies upon supervisor to develop and implement a plan to reduce the potential for danger and to report these incidents.

☐ Sometimes misses indicators of abuse, danger to self, or danger to others, but understands these signs after discussion with supervisor. ☐ Mostly relies upon supervisor to develop and implement a plan to reduce the potential for danger. ☐ Is uncertain in identifying and treating trauma. ☐ Feels less confident in reporting such crises and defers to supervisor to complete reporting requirements.

☐ Generally good at observing and assessing for indicators of abuse, danger to self, or danger to others with support from supervisor. ☐ Helps in the development and implementation of a plan to reduce the potential for danger. ☐ Generally good at identifying and treating trauma with assistance from supervisor. ☐ Manages reporting requirements with assistance from supervisor.

☐ Consistently observes and assesses for indications of abuse, danger to self, or danger to others. ☐ Develops/implements a plan to reduce the potential for danger with appropriate input from supervisor. ☐ Excellent at identifying and treating trauma. ☐ Manages reporting requirements appropriately.

Comments required if student ranks 1 or 2:
### COMPETENCY 3: Treatment Planning

- Inadequate knowledge of principles of systems theory and/or a clinically appropriate theory.
- Difficulty in identifying stages of treatment and imposing treatment goals.
- Does not understand the differences between short- and long-term treatment goals.
- Does not recognize the need for referral and is not aware of appropriate referrals.
- Often needs help demonstrating knowledge of principles of systems theory and/or a clinically appropriate theory.
- Needs help in identifying stages of treatment and developing mutually agreed upon, appropriate short- and long-term goals.
- Often needs help recognizing the need for referral for appropriate services and resources.
- Generally good demonstration of awareness of principles of systems theory and/or a clinically appropriate theory.
- Acceptable identification of stages of treatment and mutually agreed upon, appropriate short- and long-term treatment goals.
- Sometimes needs guidance on recognizing the need for referral for appropriate services and resources.
- Consistent demonstration of awareness of principles of systems theory and/or a clinically appropriate theory.
- Identifies stages of treatment and sets mutually agreed upon, appropriate short- and long-term goals for treatment.
- Recognizes the need for referral and identifies appropriate services and resources.

Comments required if student ranks 1 or 2:

### COMPETENCY 4: Rapport Building

- Inadequate in developing empathy and sometimes is not aware of empathy’s importance.
- Does not create a safe environment. Is unaware of how one’s own biases affect treatment outcomes.
- Often does not develop empathy.
- Needs help in creating a safe environment and understanding the problem from the client’s perspective.
- Difficulties developing trust with clients; often imposes one’s own biases. Is not always aware of one’s emotions and imposes treatment without much regard to therapeutic working alliance. Is not aware of impact of self on clients.
- Generally good at developing empathy. Is adequate in creating a safe environment and attempts to understand the problem from the client’s perspective.
- Is adequate in developing trust with clients but sometimes needs to keep biases in check. Is developing the ability to control one’s emotions. Sometimes proceeds to treatment before trust is fully developed. Is appropriately aware of impact of self on clients.
- Consistent demonstration of empathy. Creates a safe environment by understanding the problem from the client’s perspective. Consistently in control of one’s emotions and assesses trust. Is aware and uses impact of self on clients in treatment.

Comments required if student ranks 1 or 2:

### COMPETENCY 5: Treatment

- Unable to apply any therapeutic principles.
- Poor knowledge of theoretically appropriate, evidence based treatment, and client-specific clinical interventions.
- Needs help in evaluating client’s coping skills to determine timing of interventions.
- Needs guidance in modifying the treatment process based upon therapeutic progress.
- Needs assistance in understanding transference and countertransference issues.
- Poor at case management-related issues.
- Needs help in identifying appropriate termination and transition from treatment.
- Generally good knowledge of theoretically appropriate, evidence based treatment, and client-specific clinical interventions.
- Is adequate at explaining treatments to clients.
- Good in evaluating client’s coping skills to determine timing of interventions.
- Good in modifying the treatment process by monitoring therapeutic progress.
- Is gaining awareness of transference and countertransference issues.
- Adequate at case management-related issues.
- Good in developing a plan for termination with client to provide a transition from treatment.
- Demonstrates consistent knowledge of theoretically appropriate, evidence based treatment, and client-specific clinical interventions.
- Very good skills in explaining treatments in ways clients can understand.
- Consistent in evaluating client’s coping skills to determine timing of interventions.
- Consistent in modifying the treatment process by monitoring therapeutic progress.
- Has good awareness of transference and countertransference issues.
- Good at case management-related issues.
- Consistent in developing a plan for termination with client to provide a transition from treatment.

Note: If student ranks 1 or 2 in Overall Assessment, supervisor needs to complete the three sections below identifying the specific competencies in need of further development and a specific plan for developing those competencies. In addition, supervisor needs to consult with student’s Applied Therapeutic Methodology instructor or the Director of Clinical Training.

#### Areas of Strength:

#### Areas in Need of Further Development:

Supervisor’s Name: ____________________________

On a scale of 1 to 5, (1 being poor and 5 excellent), how would you rate your placement overall? (circle one)

1  2  3  4  5

How would you rate your learning experience?

1  2  3  4  5

What would you most want to change about your placement, if anything?

________________________________________________________________________

________________________________________________________________________

Would you suggest this placement to other students in the future? Explain briefly.

________________________________________________________________________

________________________________________________________________________

What was the most valuable part of your experience at this placement?

________________________________________________________________________

________________________________________________________________________

How much contact did you have with individuals from various cultural backgrounds? How did you react?

________________________________________________________________________

________________________________________________________________________

Do you have a different placement for next semester? If yes, where is it? If not, do you intend to remain at the same placement? (for 530 students only)

# Student Evaluation of Site Supervisor

**Class:** 530 584 590 591  
Spring  Fall  Sum  

**Supervisor’s Name:** ________________________________________________________

**Agency:** ______________________________ Date:______________________________

**Directions:** Please rate your supervisor on the following supervisory responsibilities according to the following scale: 5 = Outstanding; 4= Very good; 3= Acceptable; 2=Poor; 1=Unacceptable; or X=Insufficient information or not applicable.

These ratings will be anonymous unless you choose to sign your name. The information from these ratings will be used to provide feedback to supervisors when appropriate to facilitate as effective supervision a possible.

15. Overall, how would you rate your supervision so far (circle one)?

Excellent    Very good    Average    Poor    Cannot rate at this time

16. What would you like your supervisor to do more of? Please be as specific as possible.

17. What would you like your supervisor to do less of? Please be as specific as possible.
### Student Evaluation of Site Supervisor

**Supervisor Name ___________________________ Agency ___________________________**

18. Listed below are a variety of supervisory techniques. Please indicate which of these you have used and if used, how helpful they were in your supervision, using a rating from 1 to 5, with 5 being extremely valuable, 3 being of average value, and 1 being of little value. For one that have not been used, please indicate whether or not you would like to try that technique, conditions permitting.
