This is the due date for you to have secured a placement for the Spring 2018 semester. Turn in your Fieldwork Placement Form to the Fieldwork Office no later than the date stated above. You must choose an approved site from the online agency directory (link above). Contact the Fieldwork Office in EC-479 if you are uncertain about the site’s status or if you are having difficulty finding one.

This day marks the commencement of the new semester. You may begin accruing internship hours for the Spring 2018 semester if you have not already done so. January 22 – February 9, 2018
The Learning Contracts should be completed and given to the seminar instructor for approval by the second week of class. Make sure to get your site supervisor and instructor’s signature. Students should make copies for themselves and their site supervisor.

The Voluntary Release of Liability & Indemnification Agreement forms should be signed by you and turned into your instructor at the beginning of the semester.

March 26– April 1, 2018
