In addition, the Assistant Deans design and coordinate programs with faculty, students and administration that enrich the academic environment and enhance student development within the colleges. Responsibilities of the Assistant Deans may include counseling students with personal and academic concerns, coordinating orientation and retention programs, advising student groups, administering scholarship programs, and developing alumni and community support for the college.

STUDENTS:

You are encouraged to call for an appointment or drop by to meet with me about your ideas, interests, opportunities, problems, concerns, and questions. The easiest way for you to meet with me is to find a time that meets with your busy schedule. Feel free to call or e-mail me to make an appointment.

Some reasons you may want to talk to me

The key to remember is that **I am available to help you**. If I cannot actually provide you with an answer, I'll find one.

Scholarships/Internships	Unsure of who to talk to at CSUF	Need a friendly ear
Leadership & Volunteer Opportunities	Student Organization Assistance	Questions related to University Policy
Crisis Situations	Harassment	Sexual Harassment
Time management	Faculty/Staff difficulties	Counseling
Career Advice	Decisions about Graduate School	Stressed out

Consider me a resource person, and please know that as a counselor, our conversations are confidential.

Benefits of Joining Student Organizations:

Student Clubs and Organizations at CSUF are registered through the Student Organization Resource Center in the Titan Student Union 247. One major benefit of registering student organizations is the free use of the conference rooms, meeting spaces and event areas in the Titan Student Union for meetings and activities. All registered student organizations, who have participated in a Blue Prints information meeting, can reserve space. Clubs that have registered with the HHD Inter-Club Council, and who send a representative to the HHDICC bi-weekly meeting, can apply for Associated Student Inc. funds for programming, development, speakers and travel.

Consider joining one of the dynamic student organizations in the college. If you don't see a club listed that addresses your interest areas, consider starting a new organization. Membership in a club or organization provides opportunities for networking with your colleagues, faculty, and community members. In addition, most scholarships consider involvement.
