What are some tips for students at CSUF?

Be willing to try new things, put yourself out there and join a new club or activity. It will only benefit you in a positive way and you will meet plenty of new friends and make great memories along the way.

How has CSUF prepared you for your future?

Attending CSUF has prepared me for my future by offering various professional workshops through the Career Center. Also, all the programs that are aimed towards improving both my professional and personal development on campus.

How has HHD prepared you for your future?

HHD has offered relevant and interesting classes that I will need for my career path. It also has many clubs/organizations that helped me see what is offered through HHD, and the ability to network with others.

TITAN PRIDE

Skylar is a senior with a major in Kinesiology. After she graduates she wants to enter a graduate program to pursue a master’s degree in Kinesiology with a focus on Clinical Exercise Science or Human Movement Science. She would then like to secure an opportunity with a private research organization or a college in their research department. She would like to focus on either prosthetics or improving athletic ability in her research. She then plans to further her education to get a doctorate degree. On campus she is a student leader and serves as the Director of Administration of HHD’s Inter Club Council.

What are some benefits of being involved?

Being involved has helped me develop professional skills through learning to work with effective communication when talking to all the clubs in HHD and ASI organizations.

“If we worry we don’t trust. If we trust we don’t worry. Worry empties today of its joy.”

~James T. Kirk
