CSUF has an excellent graduate program. I am very comfortable supervising trainees from CSUF. I appreciate the mutual support and rapport that we share.

You have a wonderful program, no suggestions.

No suggestions, your students have been overall, well trained, on top of paperwork, very communicative. Appreciate their training from CSUF!

It would be helpful to have a module on professional documentation notes. Students writing skill are above average, however they need to learn to format notes in the way DMH or insurance companies want to see.

Continued review of the process used and feedback to the supervisors through the students is helpful.

More on scope of practice limitations. Couples and family counseling, DV issues and their ramifications
Other ideas or comments:

Not at this time.

Thank you for your partnership!

Through the years, many from CSUF graduates have stayed on to become part-time hired pre-licensed employees.

It would be helpful to train students to engage clients in community based work and prepare them for the barriers of engaging children, youth, adults, and families who are seeking counseling due to DCFS involvement.

Not at this time.

Suggestions to students is helpful that can be relayed to the supervisors.

We are all struggling with remote sessions. Maybe we all need more creative ideas for these applications.
