Field	Choice Count
Excellent	9
Above Average	7
Average	1
Poor	1
Very Poor	0
Total	18

## Q10 - Please provide your suggestions for program improvement:

Please provide your suggestions for program improvement:

---

Students can further improve their balance of ethics/accountability with social justice choices.

I would like to see students more prepared for the challenges of difficult client issues, conflictual couples and families, and more confident with crisis intervention situations.

More support for practicum sites when having challenges with students. More ethical training for students.

My only suggestion is if there is a co-facilitating group requirement, let the student know early on so that we can make arrangements for that experience.

None....we love our Fullerton students!!!!

## Q11 - Other ideas or comments:

Other ideas or comments:

---

Please let me know what we can do to attract more students to our program.

Students are not expected to know how to document notes but are expected to have knowledge some ethical expectations.

I think, like all programs, more training and education in treatment planning and progress notes would be helpful.

Keep up the good work!

Love working with CSUF counseling students. They are always the first students I interview for practicum placement. They are the most prepared and also willing to learn more and grow.
