What is the formula you use when you calculate program completion rates?

Number of students who complete program in four years divided by the number of students who were admitted in a particular year.

In calculating your completion rate, do you include students who:

- switch from one counseling specialty area to another (i.e., MCFC to CMHC)?
- transfer to another non-counseling graduate program?
- are dismissed from the program for academic reasons?
- are dismissed from the program for non-academic reasons?

Comments

We include students who have withdrawn, transferred to a non-counseling graduate program, or are dismissed in the total numbers, but do not include them as having completed the program.

What adjustments have you made to your program, if any, due to DEI requirements at your institution or in your state?

Some Examples Include: Modified how we teach classes and have students complete assignments; critique theories from a Black Feminist or liberation psychology model; modifying standards for tenure and retention to require evidence of anti-racist practices in teaching, service, and

We do not have data on disabled students statistics, and we have many with disabilities. I just can't provide an accurate number based upon gender.
REMINDER: Programs/Student Outcomes must be made publicly available on your program's website. The information to be posted includes the following four data points regarding each of your accredited specialty areas: (a) number of graduates in the past year, (b) completion rate, (c) licensure or certification examination pass rate, and (d) job placement rate of students/graduates. Posting a URL link to your completed Vital Statistics Survey report will satisfy this requirement.

Once this data has been posted, send the URL link to the location on your website via email to cacrep@cacrep.org. If your program submitted a Vital Statistics Survey last year and you have previously posted program outcomes on the program website, you need to update your program outcomes report to reflect the most current data. If the URL link to the outcomes report changes when you update this information, you need to send a copy of the new URL link via email to cacrep@cacrep.org.

You will NOT have an opportunity to receive a copy of your completed survey later. If you want a copy of your completed report, please ensure that you click the arrow at the bottom of the page and download the PDF.

I understand I need to download a copy of the completed survey for my own records.
