

Department of Health Science
California State University, Fullerton

Application for Independent Study

Name Student ID # Date
Address Semester 20
City Telephone

Purpose:

To provide students with the opportunity to pursue, for credit, topics or problems of special interest beyond the scope of regular course offerings.

Note:

A student enrolled in an independent study class is required to spend a minimum of two hours each week in study or research for each unit of credit. Regular contact should be made with the supervising professor.

Extract of University Policy

Independent study . . . The work is of a research or creative nature, and it shall culminate in a paper, project or comprehensive examination or performance. Before a student may register, he or she must obtain written approval from the instructor and the department chair.

. . . A study plan shall be prepared by the student and the instructor, and shall be submitted to the department chair, or his or her designee, for approval. The approved study plan shall be kept on file in the department/program office, and it shall include a statement of the basis for the final evaluation of the independent study.

. . . Independent study courses may be repeated. A student may apply a maximum of six units of independent study at the graduate level toward the degree.
