

# General Studies

## CONCENTRATION

- Concentrations **MUST** officially be declared, by completing a form in the Office of Admissions & Records LH 114
- **NO exceptions** or course substitutions will be made to the concentration – all **21 units** listed below (and on the TDA) must be complete
- Once a concentration is declared, if you decide not to complete it, you must complete the form in Admissions and Records to declare **NO CONCENTRATION** and avoid a delay in graduation.

### Required 21 Units (7 Courses):

The General Studies Concentration allows students to choose ANY 7, Upper Division, 3 unit, KNES courses (2 of which **MUST** be 400 level).

For this concentration, there is not a specific list to select from, as all KNES courses are acceptable **EXCEPT** those used in the foundation and disciplinary core (EX: 349, 360, 348, 361, 371, 380, 381, 383).

It is strongly recommended that each student have a declared concentration, even those interested in pursuing physical therapy. A concentration does not force you to work in a specialized career, but may make you more marketable to future employers.

\*\*All 21 units must be complete in addition to the 9 units of Major Pre-Requisites, 9 Units of Foundation Coursework, 18 Units of Disciplinary Core Coursework, 3 Units of Upper Division Writing (ENGL 301), and 51 Units of General Education. A total minimum of 120 units is required for Graduation.

**All concentrations **MUST** be declared upon completion of 85 units and/or **PRIOR** to applying for graduation.**
