¹ Students completing SMPP-PE must complete a KNES 494 co-requisite with this course.

Choose 3 Units from the following:

KNES 240, 241, 242, 243 ²

² Students completing SMPP-PE must complete ALL Professional Performance Courses (240, 241, 242, 243).

*Once a concentration has been declared AND completed, it will be notated on your transcripts

**All 21 units must be complete in addition to the 9 units of Major Pre-Requisites, 9 Units of Foundation Coursework, 18 Units of Disciplinary Core Coursework, 3 Units of Upper Division Writing (ENGL 301), and 51 Units of

Overview

Provides course work that meets a portion of the requirements for the Subject Matter Preparation Program (SMPP) designed to prepare students to enter a Single Subject Credential Program in Physical Education. In addition to the 51-unit requirement for the Kinesiology degree and the Teacher Education concentration, students who wish to pursue a single-subject teaching credential in physical education must also complete the SMPP requirements.

All concentrations MUST be declared upon completion of 85 units and/or PRIOR to applying for graduation.
