Peer Health University Network

The Peer Health University Network (PHUN) is a student-based group whose purpose is to promote healthy behaviors and practices to fellow California State University, Fullerton students and assist with programs provided by the Health Education and Promotion Department. Peer Health Educators (PHE's) are trained to provide presentations and coordinate campus outreach events on a variety of health topics affecting our college campus today, including reproductive health, alcohol, tobacco and other drug information, nutrition, physical fitness, stress management and mental health, as well as general health and wellness.

- Provide support, direction, feedback and praise to all club members.
- Support/advisor for students going into professional health programs, such as: Master of Physician's Assistance, Nursing, Dental Hygiene, Occupational Therapy and Public Health.
- Serve as a professional reference for many students pursuing degrees in higher education.
- Motivate the club to achieve leadership, professionalism, and personal growth.
- Maintain an awareness of the activities and programs sponsored by the club.
- Attend all weekly general membership and leadership meetings.
- Attend club programs/activities.
- Explain and clarify College policies and procedures that apply to the club.
- Approve all program proposals, financial paperwork, and minutes.
- Serve as liaison between the professional staff of the Student Health and Counseling Center and the members of the club.
- Oversee and advise members on the development of health-specific workshops.
- Provide training opportunities for program planning, implementation and evaluation.
